

## How to save Files in HTML or PDF Format

To save the file as a “PDF” file, select “SAVE AS” “PDF or XPS” file. This “PDF” file can be opened using Adobe Reader. This is a free download, available at

<http://get2.adobe.com/reader/>

To save as “html”, select “SAVE AS” “Other Formats”

Name the document and from the “drop-down menu” that is displayed, select “Single File Web Page” and Save.
