IMPORTANT INFORMATION ABOUT BACTERIAL MENINGITIS

This information is being provided to all new college students in the state of Texas. Bacterial meningitis is a serious, potentially deadly disease that can progress extremely fast —so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

What are the symptoms?

- High fever
- Rash or purple patches on skin
- Light sensitivity
- Confusion and sleepiness
- Lethargy
- Severe headache
- Vomiting
- Stiff neck
- Nausea
- Seizures

There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body.

The more symptoms, the higher the risk, so when these symptoms appear seek immediate medical attention.

How is bacterial meningitis diagnosed?

- Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests.
- **Early diagnosis and treatment can greatly improve the likelihood of recovery.**

How is the disease transmitted?

The disease is transmitted when people exchange saliva (such as by kissing, or sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

How do you increase your risk of getting bacterial meningitis?

- Exposure to saliva by sharing cigarettes, water bottles, eating utensils, food, kissing, etc.
- Living in close conditions (such as sharing a room/suite in a dorm or group home).

What are the possible consequences of the disease?

- Death (in 8 to 24 hours from perfectly well to dead)
- Permanent brain damage
- Kidney failure
- Learning disability
- Hearing loss, blindness
- Limb damage (fingers, toes, arms, legs) that requires amputation
- Gangrene
- Coma
- Convulsions

Can the disease be treated?

- Antibiotic treatment, if received early, can save lives and chances of recovery are increased. However, permanent disability or death can still occur.
- Vaccinations are available and should be considered for:
 - Those living in close quarters
 - College students 25 years old or younger
- Vaccinations are effective against 4 of the 5 most common bacterial types that cause 70% of the disease in the U.S. (but does not protect against all types of meningitis).
- Vaccinations take 7-10 days to become effective, with protection lasting 3-5 years.
- The cost of vaccine varies, so check with your health care provider.
- Vaccination is very safe—most common side effects are redness and minor pain at injection site for up to two days.
- Vaccination is available at your own health care provider.

How can I find out more information?

- Contact your own health care provider.
- Contact your regional Texas Department of Health office at 903-595-3585.
- Contact web sites: www.cdc.gov/ncidod/dbmd/diseaseinfo; www.acha.org

ELIGIBILITY FOR STUDENT HOUSING

All out-of-district, non-commuting and international students are expected to post a \$50 dormitory deposit and live on campus. Rooms are rented on a double occupancy basis. Only full-time students are eligible to live in college-owned housing. Dormitory space may not be subleased under any conditions. Students who live in the dormitory are required to purchase a meal ticket.

RESIDENCE HALL AT TVCC

Trinity Valley Community College provides housing on the campus for 224 men and 132 women. Each residence hall is conveniently located near classrooms, cafeteria, library, Student Union Building (SUB), and tennis courts.

Students are required to bring bed linens, pillows, and towels.

Men's Residence Halls:

NORTHEAST HALL - 2 persons per room, semi-private bathrooms
NORTHWEST HALL - 2 persons per room, semi-private bathrooms

Women's Residence Halls:

SOUTH HALL - 2 persons per room, semi-private bathrooms.
WEST HALL - 2 persons per room, semi-private bathrooms.

RESIDENCE HALL STAFF

The Residence Hall Directors in college housing are responsible to the Vice President for Student Services. Each director is available to students for guidance and assistance in coordinating activities within the residence hall. Residence Hall Directors are full-time employees of the college and will be responsible for reporting infractions of Residence Hall policy to the Vice President for Student Services.

Residence Hall Assistants are available in college housing. Their responsibilities include assisting the Residence Hall Director in answering questions, providing information, and maintaining an atmosphere conducive to study. Residence Hall Assistants are available to distribute maintenance supplies and to discuss academic or social problems. Assistants are directly responsible to the Residence Hall Director. Residence Hall Assistants are interested in maintaining college housing conducive to good study and group living. All residents are encouraged to become acquainted with the Residence Hall Assistant.

ROOM ASSIGNMENTS AND RESIDENCE HALL CHANGES

The college reserves the right to make room assignments and re-assignments of accommodations as considered necessary. When single vacancies occur, consolidation is required. Room assignments are made without regard to race, color, religious commitment, or national origin. Efforts will be made to honor specific roommate requests.

Students who wish to room with a specific person should list the name of that person on the room reservation form. It is a good idea to submit both forms at the same time to ensure students are assigned to the same facility. Students not requesting a roommate will be assigned with another person on the basis of the director's best judgement.

It is recommended that a student reside with the assigned roommate for at least two weeks after the opening of each term. When a change is desired, a student should first discuss it with his roommate. Secondly, the student should obtain authorization for the move from the Residence Hall Director if the change is within the same facility or with the Housing Office if the change is to another facility.

If a student moves to another housing facility without proper authorization, the student will be required to move back, and no future moves may be approved.

NOTE: When a student is no longer a resident of the residence hall for any reason, all personal belongings must be removed immediately. Any items not removed will be considered abandoned and will be discarded.

HOUSING SERVICES

Residence halls are equipped with central heating, air conditioning, and access to laundry facilities. The lounge/reception area in each building contains a color television, and soft drink machine. Private telephones may be obtained by calling the Sprint Business Office. Private phones are the expense of the student.

Each residence hall room has expanded basic cable service. Premium service is available through Cox Communications. Premium service is at the expense of the student.

As a service to students, small refrigerators are available for use in the residence halls. Refrigerators may be rented from the Director of Student Activities. Students renting refrigerators are responsible for their reasonable use and care. Individuals who own their own refrigerators must receive approval from the Housing Office before moving them into the residence hall. All refrigerators must be defrosted monthly regardless of ownership. Periodic inspection will be conducted to ensure proper care is being given to units. Whenever a student moves out of the residence hall for any reason, he/she must have the refrigerator removed from the building unless arrangements are made with the Residence Hall Director. Refrigerators must be cleaned and defrosted at least 3 days prior to final room check.

Certain maintenance supplies and appliances are provided to each residence hall. These include toilet paper, light bulbs, abrasive cleaners, brooms, and mops. If you need any of these items, please contact the Residence Hall Director or Assistant.

The college must keep an accurate record of property; therefore, students are asked to leave all furniture in the room in which it is found. Lounge furniture is for the use of all residents and must not be moved into the individual rooms. Please report damages and needed repairs of residence hall property to the Director.

RESIDENCE HALL HOURS/VISITATION POLICY

A lounge/reception area is provided in each residence hall as a public visiting area. Limited seating and floor space permits only television viewing and general visiting activities. Since visitors are allowed in the lounge area and hallway areas, the college requires that you be fully dressed in street clothes while you are within these areas.

The residence hall lounges are open to guests of residents from 8 am. until 10 p.m. daily. Only invited guests are allowed to visit in residence hall lobbies or rooms. In-room visiting hours are from 12 noon until 10 p.m. daily. Violators of this policy will be disciplined. If the violator is a student of TVCC, he will be subject to dismissal from the college. If the violator is not a student of TVCC, he will be subject to criminal trespassing charges being filed. Any residence hall student who allows unauthorized visitation in his/her room will be subject to dismissal from the residence hall and possibly from the college. In room visitation is not allowed during holidays, break periods, and times when classes are not in session.

QUIET HOURS

Quiet hours, or study hours, are designated from 10 p.m. until the following morning at 11 a.m. At all times sound volumes on radios, stereos, and televisions must be set in such a manner that the device can only be heard in the same room. Washing machines and dryers should be used before 10 p.m. It is mandatory that students do not interrupt a person studying in an adjoining facility and that activities be restrained to the point that a student's sleeping will not be disturbed. The Residence Hall Director has the authority to remove radios, stereos, and televisions if a student continues to play them in a manner that can be heard outside the room. During designated Quiet Hours, the outside areas immediately adjacent to residence hall buildings must be clear of students and noise. Loitering outside residence hall buildings after 10 p.m. will not be tolerated.

CONTRACT, FEES, AND DAMAGES

Each prospective resident hall student must make a room deposit of \$50 and sign a contract before he/she is officially a resident of the residence hall. The deposit will be made to the Business Office.

The contract covers the full academic year consisting of effective dates for fall and spring semesters excluding those holidays in which residence halls are closed. Students who live in the residence hall for one full semester may be released from the contract upon written request. The \$50 room deposit minus deductions for residence hall damages will be refunded if a request is made prior to the cancellation deadlines. International students are required to live in college housing.

Official withdrawal from TVCC will terminate the contract immediately. Room and board will be prorated on a weekly basis and the residence hall deposit will be refunded minus deductions for residence hall damage. Students who remain enrolled but move out of the residence hall for any reason will forfeit the room deposit.

Payment on room and board is due on the day the residence hall opens for the semester. Upon request, arrangements can be made to pay room and board fees in four installments with the final payment being made at mid-semester. Late fees will be assessed after that date (see payment schedule in housing brochure).

The student is responsible for the assigned room and its contents and will be charged for any damage occurring during the term of occupancy. The student is liable for any actions or negligence including in lobbies, hallways, or other public areas. Damage to college property may subject a student to disciplinary actions in addition to being charged for the damages. When charges are made, the said amount is due immediately upon receipt of a

being charged for the damages. When charges are made, the said amount is due immediately upon receipt of a bill in order that the room deposit remains intact. Occupants will be charged a cleaning fee (minimum of \$20) in the event the room is not properly cleaned when the resident checks out of the facility. If the bath is not cleaned, residents of the suite will share the cleaning fee. All occupants will be responsible for damage to halls and lounges. Equal charges will be assessed against each resident for the damage.

OVERNIGHT GUESTS

Overnight guests must be of the same sex as their host/hostess. All overnight guests must be at least 17 years old. They must be registered with the Dormitory Director. Each guest is limited to a maximum stay of three nights per semester and must observe the same hours and regulations as their host/hostess. Each resident student cannot have visitors more than three nights per semester. Roommates must be in agreement with overnight visitors. There is an \$8 per night, per visitor charge for overnight guests. Come to the Housing Office and pick up a Visitor Registration Form to take to the Business Office along with the \$8 fee. Each guest will be issued a receipt that must be available to show college officials at all times. Any unregistered guests found on campus will be asked to leave immediately, and their host/hostess will be fined \$15 for having an unregistered guest.

ROOM KEYS

Students are encouraged to keep their rooms locked at all times when away as a security against loss of personal property. Room keys are the student's responsibility. If a room key is lost or stolen, the student will be charged a replacement fee of \$20 before another key is issued.

South and West Halls are equipped with secured access entry doors. Residents of these residence halls may access their residence hall with their current ID card. At no time should a resident lend out his/her ID card. Entry doors will remain locked at all times, therefore, you are to know the time each visitor will arrive and be waiting in the lobby area to grant entry. Do not grant entrance to any unknown visitor. The outside entry door is not to be propped open as it poses great danger and increases the chances of theft. Violators of this policy will be subject to immediate disciplinary action.

Please report lost or stolen keys to your Residence Hall Director so that the lock may be changed.
