(a) An academic associate degree may be called an associate of arts (AA), an associate of science (AS), or an associate of arts in teaching (AAT) degree.

(1) The associate of arts (AA) is the default title for an academic associate degree program if the college offers only one type of academic degree program.

(2) If a college offers both associate of arts (AA) and associate of science (AS) degrees, the degree programs may be differentiated in one of two ways, including:

(A) The AA program may have additional requirements in the liberal arts and/or the AS program may have additional requirements in disciplines such as science, mathematics, or computer science; or

(B) The AA program may serve as a foundation for the BA degree and the AS program for the BS degree.

(3) The associate of arts in teaching (AAT) is a specialized academic associate degree program designed to transfer in its entirety to a baccalaureate program that leads to initial Texas teacher certification. This title should only be used for an associate degree program that consists of a Board-approved AAT curriculum.

(1) A college may offer a specialized academic associate degree that incorporates a Board-approved field of study curriculum as prescribed by §4.32 of this title (relating to Field of Study Curricula) and a portion of the college's approved core curriculum if the coursework for both would total more than 66 SCH.

(2) A college that has a signed articulation agreement with a General Academic Teaching Institution to transfer a specified curriculum may offer a specialized AA or AS (but not AAT) degree program that incorporates that
