Course Catalog Description

A comprehensive treatment of career related activities encountered in the student’s area of specialization. Under supervision of the college and the employer, the student combines classroom learning with work experience. Internship is open only to students in the Associate of Applied Science Degree program.

Prerequisites/co requisites

Sophomore Standing or Approval of Division Chairperson.

Topical Outline

1. Participate in a guided work experience, performing job duties assigned by the employer, and being evaluated by the employer and college on performance.
2. Polish and update entry-level skills learned in the General Accounting Degree/Certificate program and to add on-the-job experience to these acquired skills.
3. Follow directions and work independently in a job setting by completing assigned tasks in a timely manner.
4. Set short-term and long-term goals, personal goals, and educational goals; and determine effective ways of obtaining those goals.
5. Produce an updated resume that reflects current work and education; write an appropriate letter of application and a letter of resignation.
6. Prepare summary reports of magazine articles, books, and/or videos, on all of the following topics: Creative thinking, decision making and problem solving, dealing with difficult people, responding to change, handling conflict, business ethics, managing time, self management, and balancing home and career.

Course Learning Outcomes

1. To develop marketable skills in Accounting and related clerical activities.
2. To acquire an understanding of Accounting principles and terminology.
3. To develop desirable work habits and attitudes needed for success in business.
4. To understand how the basic principles of Accounting may be applied to personal and business use activities.
5. To contribute to general education an understanding of common economic concepts and the language of business.
6. To appreciate the opportunities business offers in a free enterprise system.
- 7: Apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with the occupation and the business/industry and will demonstrate legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills using the terminology of the occupation and the business/industry.

Relationship to General Education Outcomes – In addition to the core competencies, Trinity Valley Community College has established ten general education goals which specify knowledge and skills that students should gain from completing courses in the various component areas of the core curriculum. Information regarding curriculum and assessment as a means for the improvement of student learning through the general education component. (Select all that apply.)

Mark with
an "X"
