

LI Project (Activity) Information Sheet: Student Networking Groups

<p><u>Project Outcome:</u></p>	<p>Faculty and Students will increase engagement based on enhanced collaborative learning experiences.</p>
<p><u>Project Summary:</u></p>	<p>Classes will be conducted using group or team techniques. Faculty that have redesigned a course to include group and/or team work will test and study the impact of those activities as opposed to classes that will be a control group. Faculty must be familiar with these techniques and ready to implement them.</p>
<p><u>Project Challenges:</u></p>	<ol style="list-style-type: none">1. Course redesign is very challenging.2. Separate class preparations are required.
<p><u>Project Contact:</u></p>	<p>Janet Lumpkin Learning Initiative Engagement Team Co-Chair (Terrell) English, Psychology, Speech, Humanities (972) 563-4910 lumpkin@tvcc.edu</p>
<p><u>Syllabus Suggestions:</u></p>	<ol style="list-style-type: none">1. Classes doing networking techniques will have a different syllabus than other classes.2. Classes using networking techniques will do numerous surveys to track impact of course redesign.
