This log will document our collective efforts towards accomplishing the desired outcomes of the Learning Initiative. Your involvement is essential because your activities will form a major component of the Learning Initiative Annual Report, and subsequently the SACS five year LI report. The table below provides a simple way to track your activities. Please note all activities. Include, describe, and give examples of any experimentation in the areas listed (attach additional sheets if you require more space).

It is never too late to get started. *-Please Type or Write Legibly-*
