

Administrative Area
Information Technology Services
2004-05

GOAL 1: Extend the network infrastructure for all buildings at TVCC - Athens.

Objective	Assessment Criteria	Responsibility	Timeline	Resources	TVCC Goal
Extend fiber optic network to all buildings beyond Cardinal Drive.	A quantitative measurement of the progress will be made to determine when the goal is reached.	Dean of Information Technology Same as above	09/01/04 – 08/31/05	Money, equipment, personnel, outside contractors. Same as above	#9 Enhance the facilities and equipment of the institution to ensure that the appropriate physical environments are in place to support learning, teaching, and decision making.
Extend fiber optic network to Cosmetology, Auto Mechanics and Welding.	Same as above				
Wire all buildings with CAT 5.	Same as above	Same as above		Same as above	
Install and configure network equipment to support each building.	Same as above	Same as above		Same as above	
Attach each workstation to TVCC's network.	Same as above	Same as above		Same as above	

✓ Results of Assessment Describe Impact of Assessment Findings

✓	Fully Attained	<p>Objective 1 was completed in January 2005</p> <p>Objective 2 was completed in January 2005</p> <p>Objective 3 was completed in January 2005</p> <p>Objective 4 was completed in April 2005</p> <p>Objective 5 was completed in May 2005</p> <p>Goal 1 was fully attained in May 2005 with network connectivity completed to all users in the Maintenance Building, Cardinal Gym, Ranch Management Building, Nail Technology Building, Fine Arts Building, Community Center Building, Cosmetology Building, Welding Trades Building, and Automobile Trades Building.</p>
---	----------------	--

GOAL 2: Extend the network infrastructure to the new building at TVCC - Terrell.

Objective	Assessment Criteria	Responsibility	Timeline	Resources	TVCC Goal
Extend fiber optic network to the new building.	A quantitative measurement of the progress will be made to determine when the goal is reached.	Dean of Information Technology	09/01/04 – 08/31/05	Money, equipment, personnel, outside contractors.	#9 Enhance the facilities and equipment of the institution to ensure that the appropriate physical environments are in place to support learning, teaching, and decision making.
Wire the new buildings with CAT 5.	Same as above	Same as above		Same as above	
Install and configure network equipment in the new building.	Same as above	Same as above		Same as above	
Move networking equipment to new building	Same as above	Same as above		Same as above	
Attach each workstation to TVCC's network.	Same as above	Same as above		Same as above	

✓ Results of Assessment Describe Impact of Assessment Findings

✓	Fully Attained	Objective 1 was completed in May 2005 Objective 2 was completed in June 2005 Objective 3 was completed in September 2005 Objective 4 was completed in September 2005 Objective 5 was completed in January 2006 Goal 2 was fully attained in January 2006 with network connectivity completed to all users in the Terrell LRC Building.
	Partially Attained	

GOAL 3: Provide voice and data connectivity to offices and classrooms in the Field House on the Athens campus of Trinity Valley Community College.

Objective	Assessment Criteria	Responsibility	Timeline	Resources	TVCC Goal
Extend fiber optic network to the new Field House.	A quantitative measurement of the progress will be made to determine when the goal is reached.	Dean of Information Technology	09/01/04 – 08/31/05	Money, equipment, personnel, outside contractors.	#9 Enhance the facilities and equipment of the institution to ensure that the appropriate physical environments are in place to support learning, teaching, and decision making. Same as above
Install voice trunk lines to new Field House.	Same as above	Same as above		Same as above	
Wire the new buildings with CAT 5 data circuits.	Same as above	Same as above		Same as above	
Wire the new Field House with voice circuits.	Same as above	Same as above		Same as above	
Install and configure network equipment in the new building.	Same as above	Same as above		Same as above	
Attach each workstation to TVCC's network.	Same as above	Same as above		Same as above
