Library Resources

 Learning Resource Center, 11-22-43002-551310-all locations (Library Resources: Periodicals) Maintain existing subscriptions to electronic databases necessary to meet SACSCOC. This category generally increases every year as the prices for services rise. In addition, the medical databases and print journals for the new BSN program are more costly than non-subject specific databases per Karla Bryan. 	7,084
 Learning Resource Center, 11-22-43002-551315-all locations (Library Resources: Film/Copyright) Services include streaming video collections that support all campuses and all programs. HSC BSN program necessitates broader depth of information, hence additional cost this year. We are also adding a new nursing video collection per Karla Bryan. 	2,152
 Learning Resource Center, 11-22-43002-551316-all locations (Library Resources: Books) BSN Program accounts for most of the increase because the materials required to maintain SACSCOC accreditation is more rigorous and has greater depth and scope. Additionally, materials in health sciences must be continually "weeded" to stay compliant with a five-year rule for currency. These factors and the rise of inflation necessitate an increase to the book budget per Karla Bryan. 	4,389
 Learning Resource Center, 11-22-43002-551320-all locations (Library Resources: E-Books) Lessor increase in costs is to maintain numerous "collections" that automatically "weed" out books that are older than five years and replace those automatically to retain currency. The greatest cost increase for e-books is to purchase a recommended "core" collection of e-books for the BSN program – these titles were presented to SACSCOC per Karla Bryan. 	4,625
