How our payment plans work.....

- 1. You will pay 10% of your total balance up front PLUS a \$25 payment plan set up fee.
- 2. It will then take the remaining balance and break that into 3 AUTO DRAFTED payments with SET PAYMENT DATES. (For Summer: 2 Auto drafted payments with Set Payment Dates)
- 3. You payment plan can recalculate at anytime if any charges are added to your account which would cause and increase/decrease in payment date amounts
- 4. Payment made outside of the set payment dates (i.e. self payments, financial aid, sponsorship) will be applied sequentially. This means that the payment will be applied towards the first installment, then the second and so on.
- 5. Our payment plans are set up to be AUTO DRAFTED on the SET DATES, these dates can not be changed.
