Leslie Johnson, instructor

My name is Leslie Johnson, and I live in Montalba, TX. I am the mother to three awesome children. My oldest daughter will turn 20 this year and is currently attending UT in San Antonio pursuing a degree in psychology with a minor in criminal justice. I have two children still at home, a daughter who is 17 and a son who is 14. They both attend Palestine ISD. I graduated from the TVCC Vocational Nursing program in 2010 and have worked as an LVN for 11 years. I am currently working for PISD while also attending the TVCC Nursing Transition program. I have worked in several different areas of nursing, and I am excited about the opportunity to further my degree. I have been certified as an instructor with the American Heart Association and also taught CPR for the last 5 years while working for the Palestine school district. I have always had a passion for teaching, and I look forward to the opportunity of teaching CPR for TVCC's Continuing Education Department.
