Professionalism is a vital part of employment and training. A portion of your course grade is based on “professionalism”. Professionalism is defined as, but is not limited to: respect for others; taking responsibility for commitments (schedules, work, etc.); appropriate use of language; appropriate behaviors; appropriate dress; working as a team with fellow students,

instructors, and community individuals. When you are off campus but wearing your TVCC/student scrubs and name badge, you are representing the college and you are expected to present yourself as a respectful, positive person. Documented reports of unprofessional/inappropriate behaviors, as well as positive and very appropriate reports from clinical site representatives, community members, college personnel, etc. will be considered as a part of the student's professionalism grade. (A documented report is that there is identification of the person making the report about unacceptable professionalism standards and it is put into writing to be shared with the student.) At the discretion of the instructor, a student with a negative professional grade/incident, etc. may be required to report to the TVCC Continuing and Workforce Education Department dean.

Non-Attendance and Financial Aid: If you are receiving financial aid, federal regulations require you to have begun attending the courses for which you are enrolled on or before the census date (e.g., 12th day of each fall and spring semester). Attendance in an online course is verified by substantial participation in the course on or before the census date. TVCC defines substantial participation as logging in to the online course AND completing/participating in at least one requirement of the course. Students documented as "not attending" a course upon the census date are assumed (for financial aid purposes) to have NOT begun attendance for that course, and this may negatively affect financial aid disbursements.
