Welcome
Annual Security and Fire Safety Report

The Trinity Valley Community College’s 2020 Annual Security and Fire Safety Report, published in October of 2020, includes 2017, 2018, and 2019 crime and fire statistics for all of TVCC’s campuses. This report is designed to provide important information about safety on our campuses. This report also contains information on the resources and services available to the Trinity Valley Community College community. It also contains statistics about crimes reported on or around our campuses, as well as fire safety information and statistics.

Safety and security are everyone’s responsibility; it takes a team effort to ensure that the college community remains safe and crime free. The team is comprised of law enforcement professionals; college departments such as Student Services; building maintenance; administrative staff from all divisions of the college, and, of course, you. You are the most important member of our team. It is important to stress that our campus is safe. However, you are encouraged to be aware of your personal safety and security and to be responsible in your actions while on campus. We count on you to safeguard your valuables by securing them in locked vehicles (away from prying eyes), locked securely in your residential rooms or offices and not leaving portable electronic items unattended (not even for a second.)

Trinity Valley has many programs and procedures in place to contribute to a safe campus environment, and you are encouraged to become familiar with them and review them regularly. Please take a moment and familiarize yourself with the information in this report.

Your safety is very important to us. If you notice any suspicious, dangerous or illegal activities on campus, please notify the Campus Police Department at 903-675-6235 as soon as possible for investigation and resolution. A campus map is included in this report for your convenience.

The Campus Police Department offers a number of personal safety awareness presentations. The presentations included alcohol awareness issues and laws, active shooter awareness, new employee orientation, Building evacuation, and many others. These sessions are offered to the college community upon request. Our collaborative efforts working with Housing and Residential Life staff, other college departments and local law enforcement agencies help make a difference on campus.

I hope your stay on our campus is enjoyable and productive. If you would like more information about this report or campus safety and security in general, please contact the Campus Police Department at 903-675-6235. We value your comments and ideas to make our college a safe place to learn, work, live and visit.

Sincerely,

Stewart Newby
Director of Campus Police and Public Safety

Overview

Preparation of the Annual Security and Annual Fire Safety Report

The Annual Security and Fire Safety Report is required by the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act (the Clery Act). The report includes, but is not limited to: campus safety and security policy statements and disclosures; statistics for Clery Act crimes for Trinity Valley Community College property, adjacent property, and non-campus property owned or controlled by the college for the previous three years; and fire statistics for on-campus student housing facilities for the previous three years. To prepare the Annual Security and Fire Safety Report, the college, through the College Police Department, collects, classifies, and counts crime reports and crime statistics. Crime statistics are collected throughout the year from police department and members of the college, designated as Campus Security Authorities (CSA). Crime statistics are also requested from local law enforcement agencies in jurisdictions where the college owns or controls property.

The Trinity Valley Community College Police Department is responsible for preparing and distributing this report by October 1 each year. TVCC PD works with many other departments and agencies, such as Housing and Residential Life, Human Resources, Athens Police Department, Henderson County Sheriff Department, Anderson County Sheriff Department, Palestine Police Department, Kaufman County Sheriff Department, Kaufman Police Department, Terrell Police Department, and the Department of Public Safety to compile the information. TVCC PD encourages members of the campus community to use this report as a guide for safe practices on and off campus. It is available on the Web at: www.tvcc.edu

Enforcement Authority/Other Police Agencies

TVCC PD is the primary respondent for campus emergencies and reports of criminal activity on all campus. Officers are fully certified by the State of Texas with full arrest powers. The Trinity Valley Community College employs and commissions campus peace officers for the purpose of protecting the safety and welfare of students, employees, and property of the institution in accordance with state law. Any officer so commissioned is vested with all powers, privileges, and immunities of peace officers while the officer is in his or her primary jurisdiction or outside the officer’s primary jurisdiction. TVCC officers shall have primary jurisdiction in any county in which the college owns, leases, or rents property.

TVCC police cooperate with federal, state and local police, resulting in the college’s awareness of criminal activity perpetrated beyond the campus. TVCC PD does not currently have a written Memorandum of Understanding with these responding agencies. The TVCC Police Department compiles and distributes the Annual Security and Fire Safety Report.

TVCC PD will respond as quickly and safely as possible to any request for assistance, whether it is an emergency or not. Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries, and medical assists have a higher priority than other types of calls. College Police officers in vehicles, golf carts, and on foot, are eager to be of assistance and may be contacted directly. For off-campus offenses, we encourage prompt reporting to the proper local law enforcement agency.

Reports of criminal activity will be fully investigated, and appropriate referrals made to the appropriate courts, Student Judicial Services, or Human Resources as necessary. Community members are encouraged to report crime concerns to TVCC PD.

Safe Campus Environment

The college makes every effort to create a campus environment that fosters personal safety and property security for students, faculty, staff, and visitors. Members of the campus community are urged to immediately advise the campus police department, of any criminal action or suspicious behavior. Criminal Trespass Warnings can be issued to suspicious persons and those who violate laws. Anyone returning to a Trinity Valley Community College premises in violation of the Criminal Trespass Warning is subject to arrest.

Trinity Valley Community College will adhere to a “zero-tolerance” of violation of the law and of violence in the workplace. We will investigate complaints of threats of intimidation and take disciplinary action when employees demonstrate any behavior which, in Administration’s opinion, constitutes a potentially violent situation. This policy extends to persons connected with college business, including vendors or others who interact with college employees.

A climate of fear or intimidation will not be tolerated at Trinity Valley. Threatening behaviors, acts of aggression and violence will result in appropriate action by the college, up to and including dismissal. Student, faculty and staff misconduct will be handled in accordance with the student code of conduct, Trinity Valley Community College policy or Human Resources policy and/or applicable state or federal laws. Call the Trinity Valley Community College Police Department, to report incidents.

Trinity Valley will not tolerate hate violence and is dedicated to ensuring all persons are protected regardless of their race, national origin, religion, sex, sexual orientation, age or disability or political/religious beliefs. In furtherance of this mission, all ‘hate’ crimes and incidents will be thoroughly documented, investigated and assigned to the courts for prosecution. Students, staff and faculty are encouraged to promptly report these types of incidents to TVCC PD or Human Resources.

The police department is notified of occurrences reported at these locations. Crime reports and statistics generated at these locations are maintained by the appropriate agencies and are contained in this report where available. The college relies on its close working relationships with these local law enforcement agencies to receive information about incidents on and off campuses. The Trinity Valley Community College Police will actively investigate any crime information it receives concerning or involving a member of the campus community. If the College is notified of a situation in which a campus community member is the victim of a crime, the department may issue a Timely Warning Notice to the campus community, detailing the incident and providing tips so that other community members may avoid similar incidents.

Security and Access to Campus Facilities

Campus Buildings and Grounds

Buildings on the Trinity Valley Community College campuses are open only through the completion of the last scheduled event or class. A daily schedule of room and building openings is provided to the Police Department and buildings are locked on the basis of that schedule. Full time Faculty have access to the buildings and rooms they teach from. Campus police officers have access to all buildings on campuses to provide limited access after-hours, in case of an emergency or other special circumstance. Call 903-675-6235 for assistance.

The Physical Plant maintains the college’s buildings and grounds with concern for security and safety. Campus facilities and grounds are inspected on a regular basis to ensure that broken windows, locks and repairs are made in an expeditious manner. The College Police Department also receives information from the campus community regarding unsafe facility condition (including steps and handrails), damaged
roadways, overgrowth of shrubbery and other areas in need of repair. This information is forwarded to the Physical Plant in a timely manner. We encourage community members to promptly report any maintenance concerns to the Physical Plant via a School Dude work order at: https://login.myschoolbuilding.com/msb?acctNum=57024171&productID=MD. Physical Plant personnel will place safety notices in construction zones and other hazardous areas.

It is unlawful for any person to trespass on the grounds of any Texas institution of higher education or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institutions of higher education. (Texas Education Code Section 51.204) The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board’s control, and may remove any person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property. (Texas Education Code Section 51.209) Physical ground surveys are distributed to students, faculty, and staff at the end of each semester. These surveys are used to help improve the features and safety of TVCC campuses.

Campus Lighting Checks

Trinity Valley Community College is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. Representatives from various departments continually conduct security surveys to ensure campus lighting is adequate and that the landscape is appropriately controlled. Campus police officers’ conduct routine checks of lighting on campuses during regularly assigned patrol duties, when they observe lights that are out or dim, officers will submit at School Dude request to Physical Facilities which is acted upon by a representative of the appropriate maintenance office. Once a month officers’ conduct a complete canvas of the College campuses noting any malfunctioning lights and submits that information to Physical Facilities for appropriate action and repairs. We encourage community members to report any deficiencies in lighting or other physical safety concern to Physical Facilities at: https://login.myschoolbuilding.com/msb?acctNum=57024171&productID=MD or the College Police Department, 903-675-6235.

Surveys are conducted regarding lighting on all campuses and improvements made, as necessary.

Residence Halls

Access to the residence halls is restricted to residents, their guests, college personnel and authorized visitors. Identification cards are coded so that only students who are residents in a particular hall are authorized electronic access entry to that building; the system denies entry to all unauthorized persons. Hall residents may enter their building using their college ID card. Each building has specific doors designated for normal entry which are equipped with card access readers.

All other doors in the building remain closed at all times and are to be used only in an emergency evacuation. All exterior doors are monitored with security cameras. A resident must accompany his/her guests at all times. Crime prevention programs include hall orientation sessions, individual dorm meetings, residential community-wide presentations and educational programs offered in conjunction with the college housing and residence life staff. Students are reminded to keep their room doors locked at all times, observe building security procedures and to notify College Housing staff or the College Police Department (903-675-6235) of any suspicious activity within the residence halls.

Dorm Directors and student resident advisors, who are members of the housing staff, live on campus and provide 24-hour, on-call staff coverage. Residence hall staff undergo comprehensive training each semester for both prevention and response regarding safety and security issues.
Reporting Crimes or Other Emergencies

Crimes reported will be listed in the appropriate categories in the Clery Annual Security Report. All reported crimes will be taken seriously, even if reported in an anonymous or confidential manner.
For on-campus or non-campus offenses, we encourage accurate and prompt reporting to the proper local law enforcement agency or Campus Security Authority (CSA), prompt reporting will ensure the issuing of a Timely Warning reports and the annual statistical disclosure. The College relies on its close working relationships with local law enforcement agencies to receive information about incidents involving students on campus. The Trinity Valley Community College Police will actively investigate any crime information it receives concerning or involving a member of the campus community. If the College is notified of a situation in which a campus community member is the victim of a crime, the department may issue a Timely Warning, detailing the incident and providing tips so that other community members may avoid similar incidents. Information regarding misconduct will be forwarded to the appropriate office for possible disciplinary action.

**Alternatives to Immediately Filing a Police Report**

While Trinity Valley encourages the campus community to promptly report any criminal event or suspicious person or circumstance to TVCC PD there will be times when the victim of a crime elects to or is unable (physically/mentally) to make such a report. In those situations, they may elect to:

- Report the crime to TVCC PD at a later date.
- Make a complaint to the Director of Judicial Services. Such a complaint may be used for actions which include, but are not limited to, on-campus disciplinary proceedings.
- Make an anonymous report to the police. TVCC PD has a website that may be used to report crimes anonymously [https://webapps.tvcc.edu/formsapp/Police/PolicelcdnRpt_ANON.aspx](https://webapps.tvcc.edu/formsapp/Police/PolicelcdnRpt_ANON.aspx)
- Make an anonymous report to the Director Human Resources and/or Title IX Director [https://webapps.tvcc.edu/formsapp/Police/PolicelcdnRpt_ANON.aspx](https://webapps.tvcc.edu/formsapp/Police/PolicelcdnRpt_ANON.aspx)

**Reporting Crimes to Campus Police**

Trinity Valley Community College and the Campus Police Department encourage the immediate or prompt reporting of any incident that compromises the safety, health or rights of college community members. All students, employees, and visitors should promptly report criminal incidents, accidents, other emergencies (i.e., fire, ambulance, etc.), and suspicious person(s) or activities to the campus Police Department (903) 675-6235 or 911.

Persons who are deaf or hard of hearing should call 911 from a TTY/TDD telephone. Individuals also may report incidents in person at the Campus Police Department, Located in the Math/Journalism building room 105 on the Athens campus and in the “A” building room A102 on the Terrell campus.

After receiving information concerning a crime or an emergency, the Campus Police Department will ensure an effective investigation and appropriate follow-up actions, which may include issuing Timely Warning notifications to alert the campus community about crimes that pose a serious or continuing threat to safety, or issuing emergency notification and evacuation procedures to alert the campus community about significant emergencies or dangerous situations. Reporting all incidents to TVCC PD also allows for accurate reporting of crime statistics in public disclosures such as the Annual Security and Fire Safety Report and the Daily Crime and Fire Log.

Campus community members, faculty, staff and students are strongly encouraged to immediately report criminal activity, other emergencies, suspicious activity to the Campus Police Department or a local law enforcement agency promptly. Reports will be thoroughly investigated and results will be forwarded to the appropriate prosecutorial entity, the Student Judicial office, the Human Resources office, Title IX Coordinator, or the proper court for prosecution as appropriate. The Campus Police Department will take the following actions as necessary:
• Dispatch police, fire and/or medical assistance as needed to the scene of the incident or if a non-emergency ask the victim to report the incident at the Campus Police Department.
• Investigate or assist allied agencies with the situation.
• Take appropriate actions to identify, apprehend and submit for prosecution to the courts, the responsible person(s).
• Notify or request assistance from other law enforcement agencies and/or other allied agencies as appropriate.
• Document occurrences or take appropriate action and/or notify appropriate agencies or departments.
• TVCC PD incident reports involving misconduct by students, faculty or staff may be forwarded to the Student Judicial Office, or the Human Resources office for review and potential disciplinary action. TVCC PD investigators will investigate a report when it is deemed appropriate. Additional information obtained via the investigation also will be forwarded to the Student Judicial Office or Human Resources Office.

Criminal Activity Off-Campus

The TVCC Police Department, as well as campus officials, will assist students with notification to the proper law enforcement authorities. It is our goal to provide assistance wherever the report is made, to make sure we include the crime in our annual security report. When a Trinity Valley Community College student is involved in an off-campus offense, the TVCC Police Department may assist with the investigation in cooperation with local, state, or federal law enforcement agencies. There will be no retaliatory action against any individual with respect to the implementation of any provision of the Clery Act.

Confidential Crime Reporting

The College encourages anyone who is the victim or witness to any crime to promptly report the incident to TVCC PD or local law enforcement. If you are a victim of a crime and do not want to pursue action within college channels or the criminal justice system, or if you are a witness to a crime and do not want to reveal your identity, you may make a confidential report of the incident to the TVCC PD [https://webapps.tvcc.edu/formsapp/Police/PolicelcdntRpt_ANON.aspx](https://webapps.tvcc.edu/formsapp/Police/PolicelcdntRpt_ANON.aspx).

However, because police reports are public records, under state law, TVCC PD cannot hold all reports of crime in confidence.

The purpose of a confidential report is to maintain the reporting individual’s confidentiality, while helping the college protect the safety of the campus community. A student’s privacy concerns are weighed against the needs of the college to respond to certain incidents and crimes. To the greatest extent possible, all reports will remain private. In compelling situations, Trinity Valley Community College reserves the right to take reasonable action in response to any crime report, and information may be shared with appropriate departments and agencies under a need-to-know basis when it pertains to investigative needs and safety concerns of the campus community.

All reports submitted on a confidential or anonymous basis are evaluated for purposes of issuing a campus-wide “Timely Warning” as well as inclusion in the annual crime statistics. Providing this information also helps the college maintain accurate records regarding the number of incidents involving students, employees and visitors; determine a pattern of crime with regard to location, method or assailant; and alert the campus community to potential dangers when appropriate. Reports filed in this manner are included in the annual crime statistics, and when they involve allegations of sexual harassment (including sexual violence) they are made available to the College’s Title IX Coordinator. Reports will not include personally identifying information as defined in Section 40002(a) of the Violence Against Women Act (VAWA) of 1994.
Voluntary, confidential and/or anonymous reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Campus Security Authorities at Trinity Valley Community College campuses. Anonymous reports of crimes may also be made to Henderson County Crime Stoppers at (800) 545-8477 or text HCC plus your message to 274637 (CRIMES). In Kaufman County, call (877) 847-7522 or text TIPLINE plus your message to 274637. In Anderson County, call (903) 729-8477.

Campus Security Authority

In addition to TVCC PD personnel (police officers and dispatchers) the College has designated individuals as Campus Security Authorities (CSA’s), including officers from local law enforcement who are contracted by the institution to provide campus safety-related services. CSA’s are identified as individuals that have significant responsibility for students or campus activities. CSA’s have a legal obligation to notify TVCC PD of any Clery Act crimes that were conveyed to them in good faith, meaning that there is reasonable basis for believing that the information is not rumor or hearsay. CSAs must report immediately any Clery Act crime that comes to their attention. CSA crime reports should include sufficient detail, such as dates and locations, and, where appropriate, personally identifying information, including name and contact information if available. At the request of the victim(s), identifying information may be excluded from the report (e.g., names, initials, contact information, etc.). CSAs can submit Clery Act crimes to TVCC PD in a number of ways, including:

- Completing the CSA Crime Statistics Reporting Form available at:
- Notifying the Trinity Valley Community College Police Department at 903-675-6235

Upon receipt of a Clery Act crime report, TVCC PD reviews the reports and determines the appropriate office to submit the report to.

CSA’s for the Trinity Valley Community College are the:

- Director of Student Judicial Services
- Vice President of Student Services
- Director of Human Resources
- Director of Student Engagement
- Faculty/staff advisors for student organizations
- Director of Disability Services
- Councilors
- Dorm Directors
- Provost’s
- All TVCC employees in a Director role or above
- Assistant Athletic Directors; head coaches, assistant coaches and graduate assistant coaches (Men’s – football and basketball; Women’s – basketball, softball, volleyball, cheer teams, Cardettes, Band, Agriculture, Rodeo team, and Golf (including part-time employees and volunteers, any “coach” function);
- Strength and Conditioning coaches, and assistant trainers;
- Summer Camp coordinators and staff;
- Title IX Coordinator and Deputy Title IX Coordinators;
- Temporary assignments for faculty/staff requiring CSA duties (e.g., faculty and staff accompanying student travel)

The college encourages professional counselors, at their discretion, to inform those they counsel to report crimes in a voluntary, confidential manner for the purposes of collecting crime statistics. A procedure is
in place to anonymously capture crime statistics disclosed confidentially should a student or employee wish to report.

Certain individuals are encouraged to report crime statistics to TVCC PD, but according to federal law, they are not designated as CSAs and are not required to report crime statistics. This reporting exemption extends only to the following:

**Professional Counselor:** A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution. An example is professional mental health counselors, functioning in that capacity, in the Colleges Counseling Center.

**Triage Nurse:** A triage nurse at the hospital or crisis intervention staff at the rape crisis clinic at an institution. Trinity Valley Community College does not employ a triage nurse.

**Pastoral Counselor:** A person associated with a religious order or denomination who is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor. Trinity Valley Community College does not employ any pastoral counselors who meet this exemption.

Reporting with Intent to Press Criminal Charges

When a victim decides to report the crime to police and to file criminal charges, they need to be aware of the steps involved:

- initial law enforcement officer’s interview
- medical examination (if needed)
- investigator’s interview
- prosecutor’s interview
- court procedures

This may all seem overwhelming. An understanding of the benefits of reporting encourages many individuals to choose to press criminal charges, resulting in the convictions of more defendants. Contact the Campus Police Department at 903-675-6235 for more information.

Option Not to Report

Not all individuals want to report crimes to a law enforcement agency. This is an individual decision. Without an official report, however, the law enforcement agency will not know that a sexual assault or other crime has occurred. Law enforcement agencies can only help the community when they are aware
of crimes being committed. If the assailant was a stranger, the prospect of identifying the suspect greatly decreases over time, and crucial physical evidence will be lost as well. Even if you choose not to report, it is important for your own well-being that you receive medical attention immediately after the assault. Title IX Coordinator at 903-675-6215.

**Crime Victim Rights**

Texas Code of Criminal Procedure, Crime Victim’ Rights, Article 56.02, provides that a victim, guardian of a victim, are entitled to the following rights:

4. the right to be informed, when requested, by a peace officer concerning the defendant’s right to bail and the procedures in criminal investigations and by the district attorney’s office concerning the general procedures in the criminal justice system, including general procedures in guilty plea negotiations and arrangements, restitution, and the appeals and parole process;

5. the right to provide pertinent information to a probation department conducting a presentencing investigation concerning the impact of the offense on the victim and his family by testimony, written statement, or any other manner prior to any sentencing of the offender;

8. the right to be provided with a waiting area, separate or secure from other witnesses, including the offender and relatives of the offender, before testifying in any proceeding concerning the offender; if a separate waiting area is not available, other safeguards should be taken to minimize

Compensation for Victims of Crime

The State of Texas, Code of Criminal Procedure, Article 56.31, recognizes that many innocent individuals suffer personal injury or death as a result of criminal acts. Crime victims and persons who intervene to prevent criminal acts often suffer disabilities, incur financial burdens, or become dependent on public assistance. There is a need for the compensation of victims of crime and those who suffer personal injury or death in the prevention of crime or in the apprehension of criminals. The intent of the law is that the compensation of innocent victims of violent crime encourage greater public cooperation in the successful apprehension and prosecution of criminals.

If you are the victim of a crime in Texas; physically/emotionally injured during the crime; injured trying to stop a crime; injured trying to catch a person who committed a crime; or are the surviving spouse, parent, grandparent, sibling, or child of a victim who was killed, then you may be awarded benefits up to a maximum award of $15,000 for certain unreimbursed losses, such as wages, medical expenses, mental health counseling expenses, funeral/burial expenses up to $3,500, moving expenses up to $1,000, crime scene clean-up expenses, pregnancy expenses resulting from sexual assault, and other reasonable/necessary expenses incurred as a result of the crime (e.g., prescriptions). No-Contact Orders (issued by the college)

No-Contact Orders issued by the college are designed so that students involved in a campus conduct process do not have any communication with each other to help minimize further altercations between those involved. Students who have no-contact orders are not to contact each other using ANY means. This includes, but is not limited to: comments, words, or gestures in person, through postal mail, email, social networking sites, or through others (friends, acquaintances, family members, etc.) acting on the student’s behalf. An order of no contact will remain in place until both parties agree, in writing, to cancel the order, pending final approval by the Title IX Coordinator.

Code of Criminal Procedure- Protective Order

Code of Criminal Procedure, Art. 6.08. PROTECTIVE ORDER PROHIBITING OFFENSE CAUSED BY BIAS OR PREJUDICE.

Show these to the police officer, magistrate, prosecutor, or judge if he/she violates the order. Officers shall enforce protective orders from Texas and other states or possessions of the United States. The Trinity Valley Community College Police Department will explain and provide assistance in the process of obtaining protective orders. The Trinity Valley Community College Police Department officers will provide victims of domestic violence with a "NOTICE TO ADULT VICTIMS OF FAMILY VIOLENCE" which states:

a. "It is a crime for any person to cause you any physical injury or harm even if that person is a member or former member of your family or household. You may report family violence to a law enforcement officer by calling the following telephone numbers: 903-675-6235" If you, your child, or any other household resident has been injured or if you feel you are going to be in danger after a law enforcement officer investigating family violence leaves your residence or at a later time, you have the right to: "Ask the local prosecutor to file a criminal complaint against the person committing family violence; and apply to a court for an order to protect you. You may want to consult with a legal aid office, a prosecuting attorney, or a private attorney." A court can enter an order that:

1. prohibits the abuser from committing further acts of violence;

2. Prohibits the abuser from threatening, harassing, or contacting you at home;
3. directs the abuser to leave your household; and

4. Establishes temporary custody of the children or any property.” A VIOLATION OF CERTAIN PROVISIONS OF COURT-ORDERED PROTECTION MAY BE A FELONY.

If you feel that you qualify for or you would like to obtain a protective order which aims to protect the health or safety of any person regardless of a decision to arrest. Emergency Protective Orders are issued by a Justice of the Peace. In a protective order, the court may prohibit the person found to have committed family violence from:

1. committing family violence;

2. communicating:
   a. directly with a person protected by an order or a member of the family or household of a person protected by an order, in a threatening or harassing manner;

6. possessing a firearm, unless the person is a peace officer, actively engaged in employment as a sworn, full-time paid employee of a state agency or political subdivision; and

7. Harming, threatening, or interfering with the care, custody, or control of a pet, companion animal, or assistance animal that is possessed by a person protected by an order or by a member of the family or household of a person protected by an order.

In an order, the court shall specifically describe each prohibited location and the minimum distances from the location, if any, that the party must maintain.

In a protective order, the court shall suspend a license to carry a concealed handgun that is held by a person found to have committed family violence. The victim may also apply for an arrest warrant. If a warrant is issued, the alleged perpetrator will be arrested. An arrest warrant charges someone with committing a crime.

Family members, including those not formally identified by the student, may be contacted during the course of the investigation to resolve a report of a missing student.

Missing Person Contact Registration

The college will request of all new students each year that they provide, on a voluntary basis, emergency contact information in the event that the student would be reported missing while at the institution. Alcohol, Illegal Drugs and Substance Abuse

College’s Alcohol and Drug Abuse Policy

The college recognizes alcohol/drug dependency as an illness and a major health problem. Excessive use of alcohol and other drugs is a serious health problem in itself, but alcohol and drug abuse also can contribute to a host of other physical and mental health problems such as complications in pregnancy, violent behavior, HIV infection and other sexually transmitted diseases, psychological depression, hallucinations and death. Information, assessment and referral services for alcohol or drug-related problems are available on campus. Services for students are available at Student Life, Student Housing, and Human Resources Services. Services for employees are available through the college’s Human Resources Office.

College disciplinary charges may be pursued against faculty, staff and students alleged to have violated TVCC regulations and/or local, state and federal laws concerning alcohol and/or controlled substances. Violations of any local, state or federal law pertaining to alcohol and/or controlled substances that occur off campus and are not associated with a college-connected activity may result in disciplinary charges in situations in which the continued presence of the individual on campus is likely to interfere with the educational process and the orderly operation of the college. College disciplinary proceedings will be in accordance with procedures outlined in the Student Code of Conduct and college policy (faculty and staff). Voluntary admission to a substance abuse treatment program prior to the issuance of charges may be looked upon favorably in disciplinary cases. Disciplinary action in cases involving serious alcohol and/or drug-related violations will result in termination, suspension, dismissal or expulsion from the college, depending on the nature and seriousness of the case. Participation in a substance abuse education or treatment program may be required in addition to other sanctions. Any disciplinary action imposed by the college may precede and be in addition to any penalty imposed by an off-campus authority.

Biennial Review Process

Trinity Valley Community College educates students, faculty, and staff on the use and misuse of alcohol and other drugs, polices, and sanctions via a comprehensive institution-wide program and events sponsored by college departments. These include the Housing & Residence Life, Athletics, Student Life, Campus Police Department, and the Nursing program.

In compliance with the Drug-Free Schools and Campuses Regulations [EDGAR Part 86] of the Drug Free Schools and Communications Act (DFSCA), in July 2016, a Biennial Review committee meets biannually to assess the effectiveness of Trinity Valley Community College’s Alcohol and Drug Abuse Program (DAAP) and policies within academic years. This executive summary outlines the procedures used in completing this assignment, findings, and recommendations.

The Biennial Report can be found at the following site: https://www.tvcc.edu/Student-Life/files/2015%20Biennial%20review%20DAAPP.pdf

Amnesty Policy

The safety and health of college students is a primary concern at Trinity Valley Community College. As such, any student can seek assistance from the Campus Police Department (903-675-6235) for themselves or others who are intoxicated or drug-impaired. Texas statutes provide that a person may not be cited for illegal possession or consumption of alcoholic beverages if the individual:

- Requested emergency medical assistance in response to the possible alcohol overdose of the minor or another person;
- Was the first person to make a request for medical assistance; and
- If the minor requested emergency medical assistance for the possible alcohol overdose of another person:
  - Remained on the scene until the medical assistance arrived; and
  - Cooperated with medical assistance and law enforcement personnel.

A complete description of these regulations is contained in the College Student Responsibility Policy.

This policy can be located in the student handbook or at the Human Resources webpage:

Drugs

Trinity Valley Community College strives to assist students in achieving their potential as human beings and in becoming self-directed in all activities. Because growth and development are shaped by a student’s experience, the College seeks to develop an environment where students can learn how to live fulfilling and productive lives. Substance abuse disrupts this environment and threatens not only the lives and well-being of our students, faculty and staff but also their potential for contribution to society. It is important for all members of the College community to take responsibility for preventing substance abuse from negatively affecting the community’s learning environment and the academic, physical and emotional well-being of its membership. In recognition of the problems of substance abuse, members of the College community have developed a college-wide drug policy. These policies deal with education, prevention, intervention and treatment activities as well as disciplinary sanctions for those found in violation of the policy. The college has established comprehensive substance abuse prevention programs to help eliminate the threat that substance abuse poses. Through education, the college is committed to helping individuals achieve their personal and academic goals.
Legal Aspects and Consequences Concerning Controlled Substances and Illegal Drugs

All members of the college community are expected to abide by local, state and federal laws pertaining to controlled substances and illegal drugs. More specifically, the Trinity Valley Community College policy prohibits “manufacturing, possessing, and having under control, selling, transmitting, using or being party thereto any illegal drug, controlled substance or drug paraphernalia on college premises or at college-sponsored activities.” The term “controlled substances,” when used in this policy, shall refer to those drugs and substances whose possession, sale or delivery results in criminal sanctions under the Texas Controlled Substance Act (Texas Health and Safety Code, Chapter 481), as well as substances that possess a chemical structure similar to that of a controlled substance (e.g., “designer drugs”).

The list below only a partial list of the health risks caused by the misuse or abuse of alcohol or drugs:

Excessive alcohol use poses immediate health risks as well as long-term physical consequences. Consuming too much alcohol—even on a single occasion—can result in injury, violence, risky sexual behaviors, miscarriage and stillbirth among pregnant women, and alcohol poisoning. Long-term, excessive use can lead to the development of chronic diseases, neurological impairments, and social problems. In
addition, people risk significant health problems when they use illicit drugs or prescription drugs for recreational purposes. Stimulants (e.g., cocaine, speed) raise blood pressure, increase the heart rate, and cause rapid breathing. Frequent and long-term stimulant use may cause paranoia, anxiety, hallucinations, insomnia, and depression. Hallucinogens (e.g., LSD, “shrooms”) can result in memory impairment and flashbacks, and have been known to lead to injuries and deaths if the user gets violent or out of control due to a “trip.” Sedatives (e.g., heroin, GHB) can cause memory loss, vertigo, reduced heart rate, seizures, insomnia, anxiety, tremors, and respiratory failure.

Description of Drug and Alcohol Abuse Education Programs

Trinity Valley Community College is committed to providing comprehensive drug education and prevention as well as early intervention and treatment referral services. The office of Student Engagement provides broad-based educational programs and activities throughout the year to assist in the prevention of substance abuse. All persons (students, employees and campus visitors) are to immediately vacate the area in question, leaving by the nearest marked exit or in accordance with the posted evacuation plan and alert others to do the same. Once outside, proceed at least five hundred feet from the affected area. Personnel shall not return to an evacuated building until given the all clear signal by Campus Police or Fire personnel.

Annually, one or more buildings on each campus are selected at random, an emergency is declared within or in the vicinity of a campus building, and evacuation procedures are executed. The drill is critiqued and an After Action Report (AAR) is generated. The AAR will be retained for a minimum of (2) two years.

A building evacuation is most commonly initiated by the building’s fire alarm system. When the building fire alarm sounds:

- Evacuate the building immediately, calmly, and quickly;
- Carry all personal items (i.e. books, purses, etc.) as you may not be allowed back in the building;
- Walk to the nearest exit/stairwell, closing doors behind you;
- Do not use elevators;
- Proceed to designated area outside the building, moving as far away from the building as possible.
  Do not stand on porch areas;
- Keep streets, fire lanes, hydrant areas, and walkways clear for emergency vehicles and personnel;
- Do not re-enter building until cleared by authorized personnel;
- Assist individuals with special needs.

**Drills, Exercises and Training**

Unannounced fire drills are coordinated by the campus Police Department, housing offices, and the local Fire Marshal each fall and spring semesters for all residential facilities at Trinity Valley. Test is defined as regularly scheduled drills, exercises and appropriate follow-through activities designed for assessment and evaluation of emergency plans and capabilities. The emergency evacuation procedures for each residential unit.

Annually, one or more buildings on each campus are selected at random, an emergency is declared within or in the vicinity of a campus building, and evacuation procedures are executed. The drill is critiqued and an After Action Report (AAR) is generated. The AAR will be retained for a minimum of (2) two years.

Housing managers meet with all incoming resident students the first week of classes and conduct an orientation. During this orientation students are instructed on fire safety, evacuation routes, and evacuation procedures.

The purpose of the drills is to prepare building occupants for an organized evacuation in cases of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their facility. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. All occupants are instructed that in the cases where fire alarms are activated they must evacuate the building immediately.

In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the college an opportunity to test the operation of the fire alarm system components. Any deficient equipment is noted so that appropriate repairs can be performed.

Faculty, staff, and students who fail to evacuate during a drill or actual event will be reported to the appropriate college official for possible disciplinary action for unsafe practices. Students may be fined up to fifty dollars for each occurrence.

Personal Safety Tips

The safety and well-being of our students, faculty, staff, and visitors will always be a primary institutional goal at the Trinity Valley Community College. Campus Police can help you protect yourself and your property by reducing the possibility of being victimized. As a member of the college community, you can help in reducing the potential for criminal activity.

The college’s safety and security measures are designed to address every area of campus life, but a safe environment also depends on the awareness and cooperation of individual campus community members. Here are some common-sense steps you can take for personal safety and loss prevention:

General:
- Know the phone number of the campus police: (903)675-6235 program it into your cell phone.
- Notify Campus Police or a campus employee of any individual who appears not to have legitimate business on campus or whose actions arouse suspicion or concern.
- Remain alert, pay attention to your surroundings, and avoid listening to musical devices such as an iPod to make it more difficult to be taken by surprise.
- When traversing the campus at night, stay within well-lit walkways.
- Never prop doors open, even for a short time.
- Park in well-lighted areas, and check the inside of your vehicle before entering it.
- Although the campuses are considered safe, students and staff are encouraged to walk in pairs or groups after dark. Students may request a security escort by calling campus police.

Walking:
- Have a plan, be aware of your surroundings, and walk with confidence.
- Walk with a friend whenever possible.
- Avoid dark areas, high shrubbery, and shortcuts: stay in well lighted areas.
- Try to walk facing oncoming traffic.
- Cross streets using marked crosswalks or at intersections.
- Use sidewalks.
- Maintain a secure grip on purses and personal items.
- Keep your cell phone at the ready.
- Be wary of newly acquired acquaintances.
- Don’t reveal personal information to new found friends.

Residence Halls:
- Never give your key or student ID to anyone.
- Never open your door to strangers.
- Never leave your door open or unlocked, even for a short period of time, when no one is in your room.
- Keep all laptops, electronics, jewelry, and expensive items out of sight.
- Close your blinds or shades after dark.
- Never “prop” the entrance doors to the residence halls.
- Never let anyone “piggyback” into the residence halls when you swipe in.
- Don’t leave keys under the door mat or in other “hiding places” and don’t leave notes.
Laundry room:

- Be cautious.
- Try to never be in the laundry room alone.
- Remove clothes promptly from washers and dryers.
- Consider folding your clothes in your room.

To prevent theft and help in the recovery of stolen property:

- Engrave personal property such as computers, televisions, and stereos.
- Record all serial numbers of property and maintain a receipt of purchase in a safe, secure place.
- Take photographs of all expensive items. These photographs can assist in proving ownership in the event of a fire or a theft. Keep these photographs in a safe, secure place.

Bystander Intervention

Bystander intervention can be as simple as calling the police if you witness a serious situation in progress. If you feel you are being stalked and want to report it as a crime; you should immediately call campus police if the incident occurred on any campus call (903) 67-6235 or 911.

Safe and Positive Options for Bystander Intervention

Everyone has a role to play in preventing sexual assault. There are many different ways that you can step in or make a difference if you see someone at risk. This approach to preventing sexual assault or other crimes is referred to as “bystander intervention.”

Bystander Intervention involves safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

- Be aware of comments and behaviors from others that would indicate they are intent on having sexual intercourse even if a partner is unwilling.
- Notice if someone is getting ready to have sexual intercourse with a partner who is incapacitated.
- Never pressure or encourage friends to drink or have sex as often or with as many people as possible.
- Never joke about sexual assault; comments and jokes that are meant to “ease the tension” or are “just kidding around” can trivialize the severity of the behavior.
- Know your level of comfort with conversations and talk about sexual behavior. If you find groups or individuals who talk about sexual relationships that are not in sync with how you feel, or the type of relationship you want, do not be afraid to state your position.
- Many perpetrators are unaware that what they have done is a crime. They may say, “Yeah, that was messed up, but it was fun.” Let them know that what they did was not right and was against the law.
- Speak up when you hear threatening language.
- Respectfully challenge comments that degrade others.
A bystander’s role in preventing sexual assault, dating violence, domestic violence or stalking

The key to keeping your friends safe is learning how to intervene in a way that fits the situation and your comfort level. Having this knowledge on hand can give you the confidence to step in when something isn’t right. Stepping in can make all the difference, but it should never put your own safety at risk.

- Create a distraction. Do what you can to interrupt the situation. A distraction can give the person at risk a chance to get to a safe place. Cut off the conversation with a diversion like, “Let’s get pizza, I’m starving,” or “This party is lame. Let’s try somewhere else.” Bring out fresh food or drinks and offer them to everyone at the party, including the people you are concerned about. Start an activity that draws other people in, like a game, a debate, or a dance party.
- Ask directly. Talk directly to the person who might be in trouble. Ask questions such as “Who did you come here with?” or “Would you like me to stay with you?”
- Refer to an authority. Sometimes the safest way to intervene is to refer to a neutral party with the authority to change the situation, such as a resident assistant, security guard, bartender, or other employee. It’s in their best interest to ensure that their patrons are safe, and they will usually be willing to step in. Don’t hesitate to call 9-1-1 if you are concerned for someone else’s safety.
- Enlist others. It can be intimidating to approach a situation alone. Enlist another person to support you or to come with you to approach the person at risk. Or ask someone to intervene in your place. For example, you could ask someone who knows the person at risk to escort that person to the bathroom. Enlist the friend of the person you’re concerned about by saying, “Your friend looks like they’ve had a lot to drink. Can you check on them?”

If you become aware that a sexual assault, dating violence, domestic violence or stalking has occurred or are told of an incident occurring:

- Believe the person. He or she will need you to be supportive and understanding.
- Tell them it is not their fault.
- Encourage them to talk to a professional, such as someone from campus police, human resources, a faculty member, or the Title IX Coordinator. Realize, however, there may be reasons that the person does NOT want to do that at this time. Respect that decision.
- Don’t pry or try to get information out of the person if they are unwilling to be forthcoming with information. Be ready to listen when the individual is ready to talk. The person may feel uncomfortable about involving others, and will open up when ready.
- If you learn of the perpetrator’s identity, do not suggest physical retaliation of any kind.
- Know available resources.
- Listen.
- Be patient.

Tips for Violence Risk Reduction

The following are some strategies to reduce one’s risk of violence (adapted from the Rape, Abuse, and Incest National Network (RAINN) at: www.rainn.org and Love is Respect at: www.loveisrespect.org or other similar help sites). Risk reduction options are designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of violence, sexual assault or harassment:
• Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
• Walk with purpose. Even if you don’t know where you are going, act like you do.
• Try to avoid isolated areas. It is more difficult to get help if no one is around.
• Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
• When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around may help you to find a way out of a bad situation.
• Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact campus police immediately or 911.
• Do not leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, get a new one.
• Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
• Make or order your own drinks and never feel pressured to have “just one more.”
• Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
• If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
• Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
• Make sure your cell phone is with you and charged and that you have cab money.
• Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

**Sexual Harassment**

It is the policy of the Trinity Valley Community College, that the sexual harassment of students, employees and users of college facilities is unacceptable and prohibited. This stance is consistent with the college’s efforts to maintain equal employment opportunity, equal educational opportunity, and non-discrimination in program services, use of facilities, and the affirmative action program. The office Human Resources publishes a policy that gives detailed information about sexual harassment. These are available in the Human Resources office and online at [https://pol.tasb.org/Policy/Code/623?filter=DIAA](https://pol.tasb.org/Policy/Code/623?filter=DIAA)

Sexual harassment is a form of sex discrimination defined as unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

1. Submission to the conduct is either explicitly or implicitly a condition of an employee’s employment, or when submission to or rejection of the conduct is the basis for an employment action affecting the employee; or

2. The conduct is so severe, persistent, or pervasive that it has the purpose or effect of unreasonably interfering with the employee’s work performance or creates an intimidating, threatening, hostile, or offensive work environment

Anyone subjected to suspected sexual harassment should contact the Title IX Director located in the Administration building on Athens campus suite AD 214 or call (903) 675-6215, Student Judicial office located on the Athens campus suite AD 127 or call (903) 675-6256, or the Provost on the Palestine, Kaufman, and Terrell campuses.
Confidentiality

The college will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, stalking, or sexual exploitation to the fullest extent possible or required by law. However, when accessing college resources, individuals should be aware of the college’s confidentiality and mandatory reporting obligation in order to make informed choices. Some on-campus resources offer confidentiality, sharing options, and advice without an obligation to disclose identifying information unless the complainant wants them to or when state or federal law requires mandatory reporting. Confidentiality is limited to licensed professional counseling staff. In addition, complainants may speak on or off-campus with members of the clergy and chaplains who will keep reports made to them confidential. Any information provided anonymously or formally will be used in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act for data collection.

Violence Against Women (VAWA)
Sexual Assault, Dating Violence, Domestic Violence, and Stalking

On March 7th, 2013, the Violence Against Women Reauthorization Act of 2013 (VAWA) was enacted by the United States Congress. Among other provisions, this law amended sections of the Clery Act. These statutory changes require institutions to compile statistics for certain crimes that are reported to campus security authorities or local police agencies including incidents of sexual assault, domestic violence, dating violence, and stalking. Additionally, institutions will be required to include certain policies, procedures, and programs pertaining to these crimes in their Annual Security Reports beginning with the 2013 Annual Security Report.

Trinity Valley Community College strictly prohibits the offenses of domestic violence, dating violence, sexual assault, stalking, or other forms of sexual misconduct. Offenders may be subject to appropriate campus adjudication processes, disciplinary action, and/or criminal proceedings. The college utilizes procedures that provide prompt, fair, and impartial investigation and resolution in cases involving domestic violence, dating violence, sexual assault, and stalking. These procedures are carried out by officials who receive specific annual training.

Sexual violence is a form of sexual harassment and services are available to students, faculty, and staff who experience sexual violence, domestic violence, dating violence, and instances of stalking. In these situations, Trinity Valley Community College is committed to providing crisis intervention measures for students, faculty, and staff, as well as appropriate administrative response for the complainant and respondent; referring individuals to criminal authorities; and educating and promoting discussion on interpersonal abuse and violence issues. The college’s process does not preclude adjudication under state law. The college prohibits retaliation by its officers, employees, students, or agents against a person who exercises his or her rights or responsibilities under any provision federal or state law, including Title IX and the Campus SaVE Act, or this policy.

A victim of crime will have questions. What should you do? Generally speaking, a victim of sexual assault, dating violence, domestic violence, or stalking has four choices:

- Choose to not report the crime to police or any campus authority.
- Report the crime to campus Police anonymously.
  [https://webapps.tvcc.edu/formsapp/Police/PoliceIcdntRpt_ANON.aspx](https://webapps.tvcc.edu/formsapp/Police/PoliceIcdntRpt_ANON.aspx)
- Report the crime to Campus Police (903) 675-6235 or local police with the intent of pressing criminal charges.
• Report the crime to the college, including the Title IX Coordinator (903) 675-6256, with the intent of using the Student Code of Conduct Process to hold the offender responsible. See Trinity Valley Community College’s Sexual Misconduct Policy [https://pol.tasb.org/Policy/Code/623?filter=FFDA](https://pol.tasb.org/Policy/Code/623?filter=FFDA) and [https://pol.tasb.org/Policy/Code/623?filter=DIAA](https://pol.tasb.org/Policy/Code/623?filter=DIAA)

7) the actor compels the other person to submit or participate by threatening to use force or violence against any person, and the other person believes that the actor has the ability to execute the threat; or
8) Actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the condition of) sexual activity.
9) Consent to any one form of sexual activity cannot automatically imply consent to other forms of sexual activity.
10) Previous relationships or prior consent cannot imply consent to future sexual acts. Consent can be withdrawn at any time.

   the court, a person may request the court to render a protective order under Title 4, Family

   Protective Order” in the same manner as an application for a protective order under Title 4,
   Family Code.

b) The court shall render a protective order in the manner provided by Title 4, Family Code, if, in
   lieu of the finding that family violence occurred and is likely to occur in the future as required
   by Section 85.001, Family Code, the court finds that probable cause exists to believe that an
   offense under Section 42.072, Penal Code, occurred and that the nature of the scheme or
   course of conduct engaged in by the defendant in the commission of the offense indicates that
   the defendant is likely to engage in the future in conduct prohibited by Section 42.072(a)(1), (2),
   or (3), Penal Code.

When a victim of sexual assault, dating violence, domestic violence or stalking contacts the Campus Police Department, they will contact the Title IX Coordinator. The Title IX Coordinator or their designee will guide the victim through the available options and support the victim in his/her decisions. The victim also will be encouraged to access the counseling services offered through Trinity Valley Community College.

The Campus Police Department works in concert with Title IX Coordinator and counseling team, in a team approach in dealing with sensitive situations and referring persons to counseling services, as needed. Police officers are trained in threat assessment and licensed professional counselors encourage their clients to report crimes to the Campus Police Department to prevent the potential for future crimes. Crime information can be forwarded anonymously at the request of the client to the Campus Police Department.

Counselors do not disclose information to the police department without the consent of the client unless there is an immediate threat to safety.

The victim may choose for the investigation to be pursued through the criminal justice system, the campus disciplinary system or both. Campus police, with the victim’s consent, will immediately conduct a criminal investigation of on-campus incidents. Completed investigations will be forwarded to the District Attorney’s Office for review and possible prosecution.

Along with criminal prosecution, campus disciplinary action may be imposed on individual students, recognized student organizations and/or college faculty and staff found in violation of the college’s policy. College action is an option that can be pursued in lieu of/or concurrent with legal prosecution. College proceedings will provide a prompt, fair, and impartial investigation and resolution conducted by officials who receive training on issues related to domestic violence as well as dating violence, sexual assault and stalking. Equal access and opportunities for the accused and accuser, including to the appeal procedures and support of an advisor; simultaneously inform the parties in writing of the outcome and appeal process; institutional retaliation is prohibited. While an investigation is occurring, the college will assist the victim in any appropriate interim measures, including but not limited to, changing academic and living situations, if such changes are reasonably available. The accused has the right to a presumption of not being responsible for a violation until proven responsible as determined by a preponderance of the evidence present at the hearing. To begin a college investigation, the counselor, police or victim should contact the Title IX Coordinator at (903) 675-6215.

When students are the alleged perpetrator, if they are found responsible for a violation of the Student Code of Conduct the responding student may be placed on probation, suspended or expelled, for committing violent or criminal acts on campus or at campus-related events. Campus disciplinary proceedings, when students are accused of a violation of sexual assault, dating violence, domestic violence or stalking, are detailed in the Trinity Valley Community College student handbook and online at https://pol.tasb.org/Policy/Code/623?filter=DIAA and https://pol.tasb.org/Policy/Code/623?filter=FFDA.

The institution will upon written request, disclose to the alleged victim of a crime of violence, or non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the institution will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

A victim may choose a pseudonym to be used instead of the victim's name to designate the victim in all public files and records concerning the offense, including police summary reports, press releases, and
records of judicial proceedings. A victim who elects to use a pseudonym must complete a pseudonym form developed under this article and return the form to the law enforcement agency investigating the offense.

**Things to Remember:**

- Obtain necessary medical treatment. This may include a voluntary medical exam post-assault medical care. This can be performed at a local emergency room or designated hospital. Many hospitals have a specialized examiner who can complete an exam for victims of sexual violence. Such an exam can help the victim receive an appropriate medical assessment and treatment, and can preserve evidence for possible future action.
- Pursue counseling services with appropriate agencies.
- Call someone that is known and trusted, such as a friend or counselor. This person can help to evaluate the next steps.
- Make a police report to the Campus Police Department or other appropriate law enforcement agency.
- Make a report to a campus security authority (CSA), Title IX coordinator, or other responsible employee under Title IX.
- Make an anonymous report. An anonymous report to the police notifies them that an act of sexual violence has occurred but gives no names or identification.

**Procedures for Victims of Sexual Assault, Dating Violence, Domestic Violence or Stalking**

**If the Assault Just Occurred**

- Remember the sexual assault, dating violence, domestic violence or stalking is not your fault.
- Your first priority should be to get to a place of safety. If you do not feel safe and need immediate police or medical assistance, call 9-1-1 or if on campus (903)675-6235. Police can also take you to the hospital or meet you there.
- If you are a victim of sexual assault, you should make every attempt to preserve any physical evidence of the assault; avoid destroying evidence by bathing or showering, douching, changing clothes, or cleaning up in any way, or disposing of any damaged clothing or other items that were present after/during the assault.
- Contact someone who can help you: a friend, the Campus Police Department, a relative - any or all of the above.
- Get medical attention at a hospital emergency room right away. You do not have to report the incident to the police to be seen in the emergency room or to have an evidence-gathering exam (e.g., using a sexual assault nurse examiner kit). This service is provided to all sexual assault victims at no charge.
- Seek medical help whether or not you want to report the incident. You may have injuries you are not aware of, and a doctor can help you do what you can to prevent pregnancy or sexually transmitted infections.
- Do not shower, drink or eat, douche, or change your clothes. These activities destroy important physical evidence in the event that you decide to press criminal charges against the assailant.
- Know that you have legal choices. Call the Campus Police or Title IX Coordinator for assistance or to learn about your choices.
- As soon as you have a quiet moment, write down everything that you remember happening, with as much detail as possible. This will help with your own healing process and in any legal action you might decide to take.

As soon as possible, the victim of a sexual assault, dating violence, domestic violence or stalking should report the incident to the Campus Police Department or to the appropriate law enforcement agency, if
the incident took place off campus. Campus Housing and Residence Life staff, or other appropriate college staff of Trinity Valley will assist reporting to campus police or outside agencies as appropriate. Filing a police report with law enforcement will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a report will:

- Ensure that a victim of sexual assault, domestic violence, dating violence or stalking receives the necessary medical treatment and tests. Ideally a victim of sexual assault should not wash, douche, use the toilet or change clothing prior to a medical/legal exam.
- Provide the opportunity for collection of evidence helpful in prosecution or obtaining a protection order, which cannot be obtained later
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of crisis intervention.

**Preserving Physical Evidence**

If an incident of sexual assault, domestic violence, dating violence, or stalking occurs, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution or obtaining a protection order. The victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam. Any clothing removed should be placed in a paper bag. Evidence of violence, such as bruising or other visible injuries following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voicemail, or other electronic communications should be saved and not altered in any way. For more information about how to preserve evidence, contact the Campus Police Department at (903) 675-6235.

**If someone is pressuring you, or if you need to get out of an uncomfortable or scary situation:**

- Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable who is to blame.
- Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
- Have a code word or phrase with your friends or family. If you feel uncomfortable in a situation you can call and notify them without alerting the person you are with. Your friends or family can then come get you or make up an excuse for you to leave.
- Lie. If you don’t want to hurt the person’s feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- Try to think of an escape route. How would you try to get out of the room? Where are the doors or windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Medical Exam Following Sexual Assault

For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is important in the case of rape or sexual assault. The hospital will arrange for a specific medical examination at no charge or can work with you to arrange state reimbursement. Hospitals have specially trained nurses on call 24 hours a day for such purposes. The nurse will collect the evidence and ask the campus police to pick it up and store it for at least six months. The evidence will be in a box marked only with a number, not your name. You are not required to make an official police report for this evidence to be collected. If you later decide to make such a report, the hospital will give your name to the police and the evidence kit will be tested for possible use in a court case. For assistance in this process, contact the Campus Police Department at (903)675-6235.

Texas Code of Criminal Procedure, Art. 56.06. MEDICAL EXAMINATION FOR SEXUAL ASSAULT VICTIM WHO HAS REPORTED ASSAULT; COSTS.

- Consider seeking medical attention. You may still need treatment for physical symptoms.
• Seek counseling. Unresolved experiences of sexual assault can have long-term psychological and social effects.
• Take advantage of resources that are there for you. Consult with the Title IX Coordinator, Campus Police, or counseling center. To explore your options regarding
• Receiving medical care
• Reporting the incident to the police

Dating Violence and Domestic Violence

Dating Violence and Domestic Violence

The Trinity Valley Community College Police Department takes dating and domestic/family violence complaints seriously. The nature and seriousness of crimes committed between dating partners, family or household members are not mitigated because of the relationships or living arrangements of those involved. Therefore, law enforcement must be thorough when responding to dating violence and/or domestic violence calls. An immediate criminal justice response can make a major difference in the disputants’ lives. If an assault should occur, the victim should go to a safe place and contact a friend or family member for support. Call the campus police if the incident occurred on campus at (903) 675-6235; if the incident occurred off campus call 911. For locations not on a TVCC campus, the incident should be reported to local law enforcement and/or the appropriate campus authorities.

With all due consideration for their own safety, the primary duties of a peace officer of the Trinity Valley Community College Police department responding to a dating and/or domestic disturbance and who investigates a dating/domestic/family violence allegation or who responds to a disturbance call that may involve dating/domestic/family violence are:
• To protect any potential victim of dating/domestic/family violence,
• Enforce the law of this state,
• Enforce a protective order from another jurisdiction and
• Make lawful arrests of violators.

State law requires a peace officer who investigates a dating/domestic/family violence incident or who responds to a disturbance call that may involve dating/domestic/family violence, (the officer), shall make a written report, including but not limited to:
• The names of the suspect and complainant;
• The date, time, and location of the incident;
• Any visible or reported injuries;
• A description of the incident and a statement of its disposition; and
• Whether the suspect is a member of the state military forces or is serving in the armed forces of the United States in an active-duty status.

In Texas domestic violence laws apply to incidents of violence in domestic situations that cause bodily injury, threaten to cause imminent bodily injury, or cause any kind of physical contact that someone could reasonably expect would cause the other person to regard as offensive or provocative, including forceful detention which results in physical injury or places one in reasonable apprehension of bodily injury,
impeding the normal breathing or circulation of the blood of the person by applying pressure to the person's throat or neck or by blocking the person's nose or mouth and which is committed by a person against such person's family or household member.

The Trinity Valley Community College Police will arrest the aggressor when probable cause exists by the totality of the circumstances which may include: evidence that any of the parties acted in self-defense; a history of violence (prior assault convictions) of the parties involved, including history of calls for service; the relative severity of injuries inflicted on all parties, plus consideration whether the injuries were offensive or defensive; the relative size, bulk, and strength of the parties involved; evidence from persons involved in or witnesses to the incident; the likelihood of future injury to any party; and, current or previous protection orders filed against either party. As with any crime, it is important to preserve evidence. Physical evidence can include injuries of the victim, evidentiary articles that substantiate an attack and the crime scene itself. Photographs of injuries and the crime scene showing a struggle occurred can be invaluable. All reports of family violence and dating violence made by the police department are forwarded to the Title IX Coordinator.

A student victim of dating violence has the right, in addition to filing charges through the criminal justice system, to file a complaint with the Director of Student Judicial Services (903) 675-6256 located in the Administration building suite AD 127 or the Provost of the Kaufman, Palestine, and Terrell campuses, along with criminal prosecution, campus judicial action is an option that can be pursued in lieu of/or concurrent with legal prosecution. College students may report the incident to the Director of Student Judicial Services, regardless of whether the act of violence occurred on or off-campus since the college reserves the right to hold students accountable for certain types of off-campus behavior. Disciplinary action will result if a student’s behavior jeopardizes the educational atmosphere or mission of the institution. Sanctions may include disciplinary probation and educational programs and may result in suspension from the college.

**Red flags in a relationship:**

Indicators in a relationship that might be warning signs of impending dating or domestic violence:

- Always wanting to know where you are and who you are with
- Not wanting you to spend time with others
- Getting angry if you do not answer a call or text immediately
- Always blaming you for their mistakes
- Calling you names or constantly putting you down
- Yelling constantly, throwing or punching objects
- Pressuring you to do more sexually than you are ready for
- Believe that you deserve to be hurt or mistreated?
- Avoid topics or situations out of fear of angering your partner

Do you...

- Feel afraid of your partner most of the time?
- Feel that you can’t do anything right?
- Get embarrassed by your partner’s behavior toward you?
- Act jealous and possessive?
- Keep you from seeing friends and family?
- Limit your access to money or necessities?

Does your partner...

- Humiliate, criticize or yell at you?
- Blame you for his behavior?
- Threaten to hurt you?
- Threaten to take your kids away?
- Threaten to harm your kids or pets?
- Force you to have sex?
• Keep you from getting a job or going to school?
• Constantly check up on you?
• Threaten to kill or hurt himself if you leave?

Pay attention to the “red flags”, and trust your instincts. Instincts may have told victims that there was something wrong early on but they disregarded the warning signs and didn’t know that these signs were indicative of an abusive relationship. Survivors of domestic violence frequently report that their instincts told them that there was something wrong early on but they disregarded the warning signs and didn’t know that these signs were indicative of an abusive relationship. Always take time to get to know a potential partner and watch for patterns of behavior in a variety of settings.

Understand barriers to getting help such as fear of being judged, embarrassment and not wanting to admit that it’s a real problem. Keep in touch with your support system and confide in them. Participate in good self-care can lower your risk of being involved in an abusive relationship.

If anyone has been hit or abused by dating or domestic partner and they want to report it as a crime; they should immediately call campus police if the incident occurred on campus at (903) 675-6235; or to the appropriate law enforcement agency.

Keeping in touch with your support system and participating in good self-care can lower your risk of being involved in an abusive relationship. The Trinity Valley Community College Police Department, along with the college community, is committed to stopping domestic violence in our community by encouraging its community members to be a courageous bystander with safe and positive options for bystander interventions to prevent harm or intervene.

Stalking

Stalking Behavior

The Trinity Valley Community College strictly forbids stalking on any of its campuses. A complete policy and the sanctions for violating this policy can be found online at https://pol.tasb.org/Policy/Code/623?filter=FM

Stalking behaviors can include:
• Showing up at your home or place of work unannounced or uninvited.
• Sending you unwanted text messages, letters, emails and voicemails.
• Leaving unwanted items, gifts or flowers.
• Constantly calling you and hanging up.
• Use social networking sites/technology to track you.
• Spreading rumors about you via the internet or word of mouth.
• Making unwanted phone calls to you.
• Calling your employer or professor.
• Waiting at places you hang out.
• Damaging your home, car or other property
Safe Practices if you are Experiencing Stalking Behavior

- If you have a protection order, make several copies, and carry a copy with you at all times.
- If someone is following you, never go home. Proceed to a local law enforcement location, or call local law enforcement for direction on where to go.
- Acquaint yourself with 24-hour stores and other public, highly populated areas in your neighborhood.
- Under no circumstances should you agree to meet with the perpetrator face to face to “work it out” or “talk.” Meeting a stalker in person can be very dangerous.
- Tell someone. Resources like Campus Police Department, Student Judicial Services, and the Title IX Coordinator are here to support and assist you. Victims under the age of 18 should tell a parent or other trusted adult about any harassments or threats.
- Inform friends, family, neighbors, and other people you know that you are being stalked so that the stalker cannot get information about you from them.
- If you have a picture of your stalker, give one to people you know at the places you frequent.
- Send one, clear written warning. This warning should convey that the contact is unwanted, and tell the perpetrator to cease all communications of any kind. Do this only once. Then, no matter the response, under no circumstances have further contact with the stalker.
- Collect and document all evidence. Save all email, postings, or other communications in both electronic and hard-copy form. If possible, save all of the header information from emails and newsgroup postings (use the Help feature on whatever service you are using for instructions). Record the dates and times of any contact with the stalker. All evidence of stalking should be preserved to aid in obtaining a protection order against a perpetrator.
- Save any packages, letters, messages, or gifts from the stalker. They may be important if you decide to report to the police.
- Keep a log of incidents including the date, time, type of incident, what occurred, and the names of any witnesses. Even if you decide not to pursue prosecution, you may change your mind and it will be helpful to have documentation of every incident.
- Document how the stalking is affecting you and any steps you have taken to stop it (e.g., blocked number, unfriended on Facebook, asked the stalker to stop). A free Stalking Log is available at: http://victimsofcrime.org/docs/src/stalking-incident-log_pdf.pdf?sfvrsn=4
- Ignore or reject calls from anonymous or unknown callers. Block unwanted callers. Consult your service provider for more information.
- Use voicemail to screen calls. Save all voicemail messages from the stalker, or record them to a tape recorder and save the digital recording or tapes.
- File a report with Campus Police or local law enforcement. Save copies of police reports and record all contact with law enforcement officials and the prosecutor’s office. Add these notes to your Stalking Log.
- Change your contact information. You may want to consider changing your email address, Internet Service Provider (ISPs), and/or phone number, and consider using encryption software or privacy protection programs.
- File a complaint with both parties’ ISPs. Many ISPs offer tools that filter or block communications from specific individuals.
- To keep your address confidential, get a post office box and use it on all correspondence. Put this address on your checks. (If you are being sent something from Federal Express or another company that won’t mail to P.O. Boxes, change "P.O. Box" to "Apartment" when giving your address).
- Inform security at your place of employment that you are being stalked.
Law Enforcement Response to Stalking

The responding officer’s primary responsibility will be the victim’s physical well-being and emergency medical needs followed by an investigation to include obtaining preliminary statements, preserving evidence, and documentation with possible arrest. As with any crime, it is important to preserve evidence. Physical and evidentiary articles that substantiate the crime such as text messages, voicemails, videos, letters, photos, cards, unwanted items or gifts and emails should be saved. You should also write down the times, places and dates all the incidents occurred. You should include the names and contact information of people who witnessed what happened and provide this information to the police. Protective orders are meant to protect victims who have experienced or are reasonably in fear of physical violence, sexual assault or stalking by another individual. The Trinity Valley Community College Police Department will provide assistance in the process of obtaining protective orders. Victims have the option of keeping their report of stalking in complete confidence, protecting their right to anonymity, when making a report through licensed professional counselors.

Only the victim can make this decision. It may be difficult to make complex decisions immediately after the assault. Talking with someone who can give immediate support and information, such as a sexual assault crisis counselor, a victim/witness advocate, or a family member or friend, may help you make a decision.

The Trinity Valley Community College Police Department will forward all reports of stalking to the Title IX Coordinator.

Sexual Misconduct Complaint Process and Disciplinary Procedures

The Trinity Valley Community College student code of conduct prohibits sexually violent acts, termed “Sexual Misconduct” by the college, which can be crimes as well. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, interpersonal/relationship violence, sex/gender-based stalking, and sexual harassment, and other sexual offences including sodomy (forced anal intercourse); oral copulation (forced oral-genital contact); rape by a foreign object (forced penetration by a foreign object, including a finger); and sexual battery (the unwanted touching of an intimate part of another person for the purpose of sexual arousal).

While the college utilizes different standards and definitions than the Texas Code, sexual misconduct often overlaps with the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence. Victims of these behaviors are protected by federal laws, specifically Title IX and the Clery Act, which mandates the contents of this report.

It is the policy of the college to notify campus law enforcement when sexual misconduct occurs, typically without providing identifying information about the incident, unless a victim wishes that information to be shared, or an emergency requires disclosure. Victims have the option to notify law enforcement directly, or to be assisted in doing so by campus authorities. If requested, campus officials can facilitate reporting to campus or local law enforcement, but may also respect a victim’s request not to do so.

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence occurring among its students, the college utilizes a range of campaigns, strategies, and initiatives to promote awareness, educational, risk reduction, and prevention programming.
The College District prohibits discrimination, including harassment, against any student on the basis of sex or gender. Retaliation against anyone involved in the complaint process is a violation of College District policy and is prohibited.

Discrimination against a student is defined as conduct directed at a student on the basis of sex or gender that adversely affects the student.

Sexual harassment of a student by a College District employee includes unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

1. A College District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
2. The conduct is so severe, persistent, or pervasive that it limits or denies the student’s ability to participate in or benefit from the College District’s educational program.

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it limits or denies a student’s ability to participate in or benefit from the College District’s educational program.

Sexual violence is a form of sexual harassment. Sexual violence includes physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol or due to an intellectual or other disability.

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; rape; sexual assault; sexual battery; sexual coercion; and other sexually motivated conduct, communications, or contact.

Physical contact not reasonably construed as sexual in nature is not sexual harassment.

Gender-based harassment includes physical, verbal, or nonverbal conduct based on the student’s gender, the student’s expression of characteristics perceived as stereotypical for the student’s gender, or the student’s failure to conform to stereotypical notions of masculinity or femininity. For purposes of this policy, gender-based harassment is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct limits or denies a student’s ability to participate in or benefit from the College District’s educational program.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

The College District prohibits retaliation by a student or College District employee against a student alleged to have experienced discrimination or harassment or another student who, in good faith, makes a report of harassment or discrimination, serves as a witness, or otherwise participates in an investigation.

Examples of retaliation may include threats, rumor spreading, ostracism, and assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a College District investigation regarding discrimination or harassment shall be subject to appropriate disciplinary action.
In this policy, the term “prohibited conduct” includes discrimination, harassment, and retaliation as defined by this policy, even if the behavior does not rise to the level of unlawful conduct. For purposes of this policy, a “responsible employee” is an employee:

1) Who has the authority to remedy prohibited conduct;
2) Who has been given the duty of reporting incidents of prohibited conduct; or
3) Whom a student reasonably believes has the authority to remedy prohibited conduct or has been given the duty of reporting incidents of prohibited conduct.

The College District designates the following persons as responsible employees: any instructor, any administrator, or any College District official defined below.

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a responsible employee or submit the report electronically through the College District’s website. The submission of an anonymous electronic report may impair the College District’s ability to investigate and address the prohibited conduct.

Any College District employee who suspects and any responsible employee who receives notice that a student or group of students has or may have experienced prohibited conduct shall immediately notify the appropriate College District official listed in this policy and shall take any other steps required by this policy. An employee who does not meet the description of a responsible employee in accordance with this policy may alternatively submit the report electronically via the College District’s website.

A person who holds a professional license requiring confidentiality, such as a counselor, or who is supervised by such a person shall not be required to disclose a report of prohibited conduct without the student’s consent.

A person who is a nonprofessional counselor or advocate designated in administrative procedures as a confidential source shall not be required to disclose information regarding an incident of prohibited conduct that constitutes personally identifiable information about a student or other information that would indicate the student’s identity without the student’s consent, unless the person is disclosing information as required for inclusion in the College District’s annual security report under the Clery Act [see GCC].

For the purposes of this policy, College District officials are the Title IX coordinator and the College President.

Reports of discrimination based on sex, including sexual harassment or gender-based harassment, may be directed to the Title IX coordinator. The College District designates the following person to coordinate its efforts to comply with Title IX of the Education Amendments of 1972, as amended:

Name: Janene Dotts
Position: Director of Human Resources
Address: 100 Cardinal Drive, Athens, TX 75751
Telephone: (903) 675-6215
e-mail: jdotts@tvcc.edu
The College President or designee shall serve as coordinator for purposes of College District compliance with all other antidiscrimination laws.

A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX coordinator, may be directed to the College President.

A report against the College President may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

Reports of prohibited conduct shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the College District’s ability to investigate and address the prohibited conduct.

The College District may request, but shall not require, a written report. If a report is made orally, the College District official shall reduce the report to written form.

Upon receipt or notice of a report, the College District official shall determine whether the allegations, if proven, would constitute prohibited conduct as defined by this policy. If so, the College District official shall immediately notify the parties to the complaint of the allegations and the formal and informal options for resolution of the complaint.

If the College District official determines that the allegations, if proven, would not constitute prohibited conduct as defined by this policy but may constitute a violation of other College District rules or regulations, the College District official shall refer the complaint for consideration under the appropriate policy.

If the parties voluntarily agree to participate in informal resolution of the complaint, the College District official shall determine if informal resolution is appropriate for the complaint. If the official determines that informal resolution is appropriate, then the official may facilitate that resolution. If the official does not determine informal resolution to be appropriate, then the complaint will be subject to the formal resolution process.

If any of the parties decline to participate in informal resolution of the complaint or the College District official finds informal resolution of the complaint to be inappropriate, the College District official shall authorize or undertake an investigation, except as provided below at Criminal Investigation.

If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending, the College District shall promptly take interim action calculated to address prohibited conduct prior to the completion of the College District’s investigation.

The investigation may be conducted by the College District official or a designee or by a third party designated by the College District, such as an attorney. The investigator shall have received appropriate training regarding the issues related to the complaint and the relevant College District’s policy and procedures.

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations. If a law enforcement or regulatory agency notifies the College District that a criminal or regulatory investigation has been initiated, the College District shall confer with the agency to determine if the College District’s investigation would impede the criminal or regulatory investigation. The College District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or
regulatory investigation. After the law enforcement or regulatory agency has completed gathering its evidence, the College District shall promptly resume its investigation.

Absent extenuating circumstances, such as a request by a law enforcement or regulatory agency for the College District to delay its investigation, the investigation should be completed within 20 College District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.

The investigator shall prepare a written report of the investigation. The report shall be filed with the College District official overseeing the investigation.

The College District shall provide written notice of the outcome, within the extent permitted by the Family Educational Rights and Privacy Act (FERPA) or other law, to the victim and the person against whom the complaint is filed. The parties shall be given the opportunity to respond to the report.

If the accused and complainant accept the finding and any sanctions by signing a written waiver of hearing, no hearing shall be held and no appeal shall be available. If the accused or complainant reject the finding and/or sanctions, a hearing shall be held to determine responsibility.

Further, informal resolution may be used if both parties are agreeable, and the College District deems it appropriate under the circumstances. The College District shall facilitate the information process. The Title IX hearing shall be conducted by a standing committee created to oversee sexual misconduct complaints. All decisions by the panel shall be made by a majority vote of the panel members present at the hearing.

The hearing shall be conducted in accordance with the following:

1) Hearings shall not be open to the public.
2) An audio recording of each hearing shall be made.
3) Reasonable time limits shall be imposed by the panel, which shall not exceed two hours per party, unless the panel allows for a longer time limit.
4) The hearing panel shall be able to reasonably limit evidence and shall exclude irrelevant sexual history and any other irrelevant matters.
5) The College District may provide an adviser for the complainant, and if so, that adviser has a right to attend the hearing.
6) The complainant shall present evidence first, followed by the accused.
7) The College District discourages the parties from cross-examining each other directly.
8) A preponderance of the evidence standard shall apply.

The complainant shall have the right to:

1) Testify and/or speak on his or her own behalf;
2) Be represented or otherwise supported by an attorney or adviser;
3) Not be in the same room as the accused;
4) Present evidence, including witnesses;
5) Be informed of the outcome; and
6) Appeal the outcome. Not be in the same room as the accused;

The accused shall have the right to:

1) Testify and/or speak on his or her own behalf;
2) Be represented or otherwise supported by an attorney or adviser;
3) Present evidence, including witnesses;
4) Be informed of the outcome;
5) Have a written copy of the investigation and findings, which shall include the alleged policy violations;
6) Review any information that will be offered against him or her prior to the hearing, to the extent allowed by FERPA or other applicable law; and
7) Appeal the outcome.

The College District shall provide written notice to both parties of the outcome of the hearing within ten business days after the hearing date, unless additional time is necessary.

The hearing panel may dismiss a complaint or impose appropriate punishment upon a complainant or accused who fails to appear at the hearing without good cause, and may proceed with the hearing in the person’s absence.

The College District shall determine, based on the results of the investigation, whether each individual allegation of misconduct occurred using a preponderance of the evidence standard. If the results of the investigation indicate that prohibited conduct occurred, the College District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct to prevent its reoccurrence and remedy the effects.

Examples of corrective action may include:

- Providing a training program for those involved in the complaint;
- Providing a comprehensive education program for the College District community;
- Providing counseling for the victim and the student who engaged in prohibited conduct;
- Permitting the victim or student engaged in the prohibited conduct to drop a course in which they both are enrolled without penalty;
- Conducting follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred;
- Involving students in efforts to identify problems and improve the College District climate;
- Increasing staff monitoring of areas where prohibited conduct has occurred; and
- Reaffirming the College District’s policy against discrimination and harassment.

The College District shall minimize attempts to require a student who complains of sexual harassment to resolve the problem directly with the person who engaged in the harassment; however, if that is the most appropriate resolution method, the College District shall be involved in an appropriate manner. If the investigation reveals improper conduct that did not rise to the level of prohibited conduct, the College District may take disciplinary action in accordance with College District policy and procedures or other corrective action reasonably calculated to address the conduct.

The College District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. To the greatest extent possible, the College District shall honor requests for confidentiality; however, such requests may limit the College District’s ability to respond to the incident and pursue disciplinary action. The Title IX coordinator shall evaluate all requests for confidentiality. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law. The College District cannot guarantee confidentiality.

A party who is dissatisfied with the outcome of the investigation may appeal through the applicable grievance policy beginning at the appropriate level. [See DGBA(LOCAL) for employees, FLD(LOCAL) for students, and GB(LOCAL) for community members] A party shall be informed of his or her right to file a complaint with the U.S. Department of Education Office for Civil Rights.

Retention of records shall be in accordance with the College District’s records retention procedures. [See CIA]
Sexual Assault, Dating Violence, Domestic Violence and Stalking Education and Prevention Programs

The college engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
- Defines what behavior and actions constitute consent to sexual activity in the State of Texas and/or using the definition of consent found in the Student Code of Conduct if state law does not define consent;
- Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
- Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
- Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

The college has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation.

Programs to Prevent Sexual Violence

All members of the campus community should be aware that sexual assaults, including date or acquaintance rape, are prohibited by state laws, policies and college rules. Trinity Valley Community College prohibits sexual violence, which includes the crimes of dating violence, domestic violence, sexual assault, and stalking. The college is committed to increasing the awareness of and preventing sexual violence. All incoming students and new employees are provided with programming and strategies intended to prevent sexual assault (rape, acquaintance rape, and sexual assault), domestic violence, dating violence, and stalking before it occurs.

The College Police Department offers sexual assault education and information programs to students and employees upon request. Literature on date rape education, risk reduction and college response
measures is available through the police department, college housing managers, Residence Life, Student Government, and the Title IX Coordinator.

Awareness programs are community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.

**Ongoing and Primary Prevention and Awareness Campaigns**

Ongoing prevention and awareness events feature programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution and including information described in the college’s most recent Annual Security Report.

Primary prevention programs focus on programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

**Sex Offenders**

In accordance to the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the College is providing a link to the Texas State Sex Offender Registry. All sex offenders are required to register in the state of Texas and to provide notice of each institution of higher education in Texas at which the person is employed, carries out a vocation, or is a student. [https://records.txdps.state.tx.us/SexOffender/](https://records.txdps.state.tx.us/SexOffender/)

In addition to the above notice to the State of Texas, all sex offenders are required to deliver written notice of their status as a sex offender to the College Police Department no later than three (3) business days prior to their enrollment in, employment with, volunteering at, or residence in the College. Such notification may be disseminated by the College to, and for the safety and well-being of, the College community, and may be considered by the College for enrollment and discipline purposes.

## Hate Crimes

No hate crimes were reported in

The Trinity Valley Community College requests crime statistics on the on campus, public property, non-campus property, and residential facilities addresses and block numbers from the Terrell Police Department, Kaufman County Sheriff’s Department, and the Department of Public Safety. If these agencies replied with reportable crime statistics, those crimes were indicated in tables above.
Annual Fire Safety Report

Athens Fire Department

The Athens Fire Department (903)675-5454 provides services to the Trinity Valley Community College and area residents for the protection of life and property from fire and natural disasters. They maintain a standard of training which encompasses both a prompt response to emergencies and the safety of citizens. Firefighters promote community safety through public education and fire safety programs.

Emergency Response and Evacuation Procedures

Evacuation drills are coordinated by the Campus Police Department and the Athens Fire Marshall each fall and spring semesters for all residential facilities. The emergency evacuation procedures for each residential unit are tested at least once each semester. Students become familiar with the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Students are also instructed on fire alarm pull stations and how to activate them in case of a fire or other emergency situation.

The purpose of the drills is to prepare building occupants for an organized evacuation in cases of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their facility. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. All occupants are instructed that in the cases where fire alarms are activated they must evacuate the building immediately. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the college an opportunity to test the operation of the fire alarm system components. Any deficient equipment is noted so that appropriate repairs can be performed. Students receive emergency information and procedures during their hall meetings.

Campus Evacuation

The president or designee will authorize campus evacuation orders. An announcement of a campus-wide evacuation will be issued through the ALERT system. Students and employees should follow the instructions and timeline for leaving the campus and alert others to do the same. Information about returning to the campus will be provided through ALERT system, the personnel recall process for employees and press releases through the news media outlets.

Building Evacuation

An evacuation will occur when the fire alarm sounds and/or notification is made by the Trinity Valley Community College Police Department, Emergency Management Team, or the Athens Fire Department.

All persons (students, employees and campus visitors) are to immediately vacate the area in question, leaving by the nearest marked exit or in accordance with the posted evacuation plan and alert others to do the same. Once outside, proceed at least 500 feet away from the affected area. Personnel shall not return to an evacuated building until given the all clear signal by TVCC officials.

Annually, one or more buildings are selected at random, an emergency is declared within or in the vicinity of, evacuation procedures are posted and executed. The drill is critiqued and an After Action Report (AAR) is generated. The AAR will be retained for a minimum of (2) two years.
Residence Hall Fire Safety Policy

All residence hall students must comply with directives related to building evacuations. Fire extinguishers and exit signs are strategically located in each hall. These are for the protection of all residents and are expensive to replace. Persons abusing, removing, or tampering with any fire safety equipment, such as fire alarms, fire extinguishers, exit lights, etc., are subject to removal from the residence hall, even on a first offense, and to other appropriate disciplinary action. All residents will be expected to participate when the hall staff conducts fire drills. As part of the fire safety program, the residence hall staff will conduct monthly health and safety inspections.

Emergency Procedures

If you are involved in an emergency fire situation on any TVCC campus, implement the following procedures.

- If you see or smell smoke, investigate. You should try to determine the extent of the fire, the type of fire and the location of the fire.
- Alert the people in the vicinity to the danger as quickly as possible.
- Pull the fire alarm station and ask other people to assist in evacuation of the building.
- NEVER try to control a fire before campus police or the fire department have been notified.
- Instruct someone to call campus police at (903)675-6235 or 911 to report the emergency. If you are alone – call campus police or 911 prior to any attempt at extinguishing the fire.
- Extinguish or... Attempt to extinguish the fire ONLY if it is small enough to be contained AND you know how to use the extinguisher.
- Place yourself between the fire and an exit when using an extinguisher to prevent from being trapped.
- If the fire cannot be extinguished – EVACUATE! Use the stairways to exit the building. Do not use elevators. As you exit the building, close as many doors as possible. Closed doors act as fire barriers.
- Once outside, move to a safe meeting place away from the firefighters. Cooperate with the housing managers and other college emergency response staff to conduct roll of building occupants.
- The fire department should be notified if anyone is left in the building.
- Stay outside the building until the fire department and/or college officials have indicated that the building is safe to re-enter. Campus Police personnel will give the signal when it is safe for persons to re-enter the building.

If you are trapped

Stay Calm – you can take steps to protect yourself:

- If possible, go to a room with an outside window and a phone. Call campus police and give your exact location. If there is no phone – wave an object out the window (a sheet or jacket), to signal for help. Be ready to shut the window if smoke enters the room.
- Keep all doors between you and the fire closed. Cover all vents and seal cracks around the doors to keep out smoke.
- Be patient, trained rescue people will arrive to assist you.

Housing managers have fire safety training each semester. Fire safety information is discussed at the first meeting of the semester The College has also designated Resident Assistant to assist with emergencies including building evacuations in their respective areas.

All TVCC community members are instructed to notify campus police, housing managers, and or their assigned CSA in the event of a fire in the residence housing.

Fire drills are also conducted each semester to ensure students understand emergency building evacuation procedures. Students must evacuate the building whenever an alarm sounds.
