

A LOOK AT THE NEW

T V C C

CARDINAL PRIDE *Online* ORIENTATION

Once a prospective student applies to TVCC, they will need to complete the Cardinal Pride Orientation.

There will now be **two** options for getting this done:

1

In person, at one of our
awesome Orientation Days

2

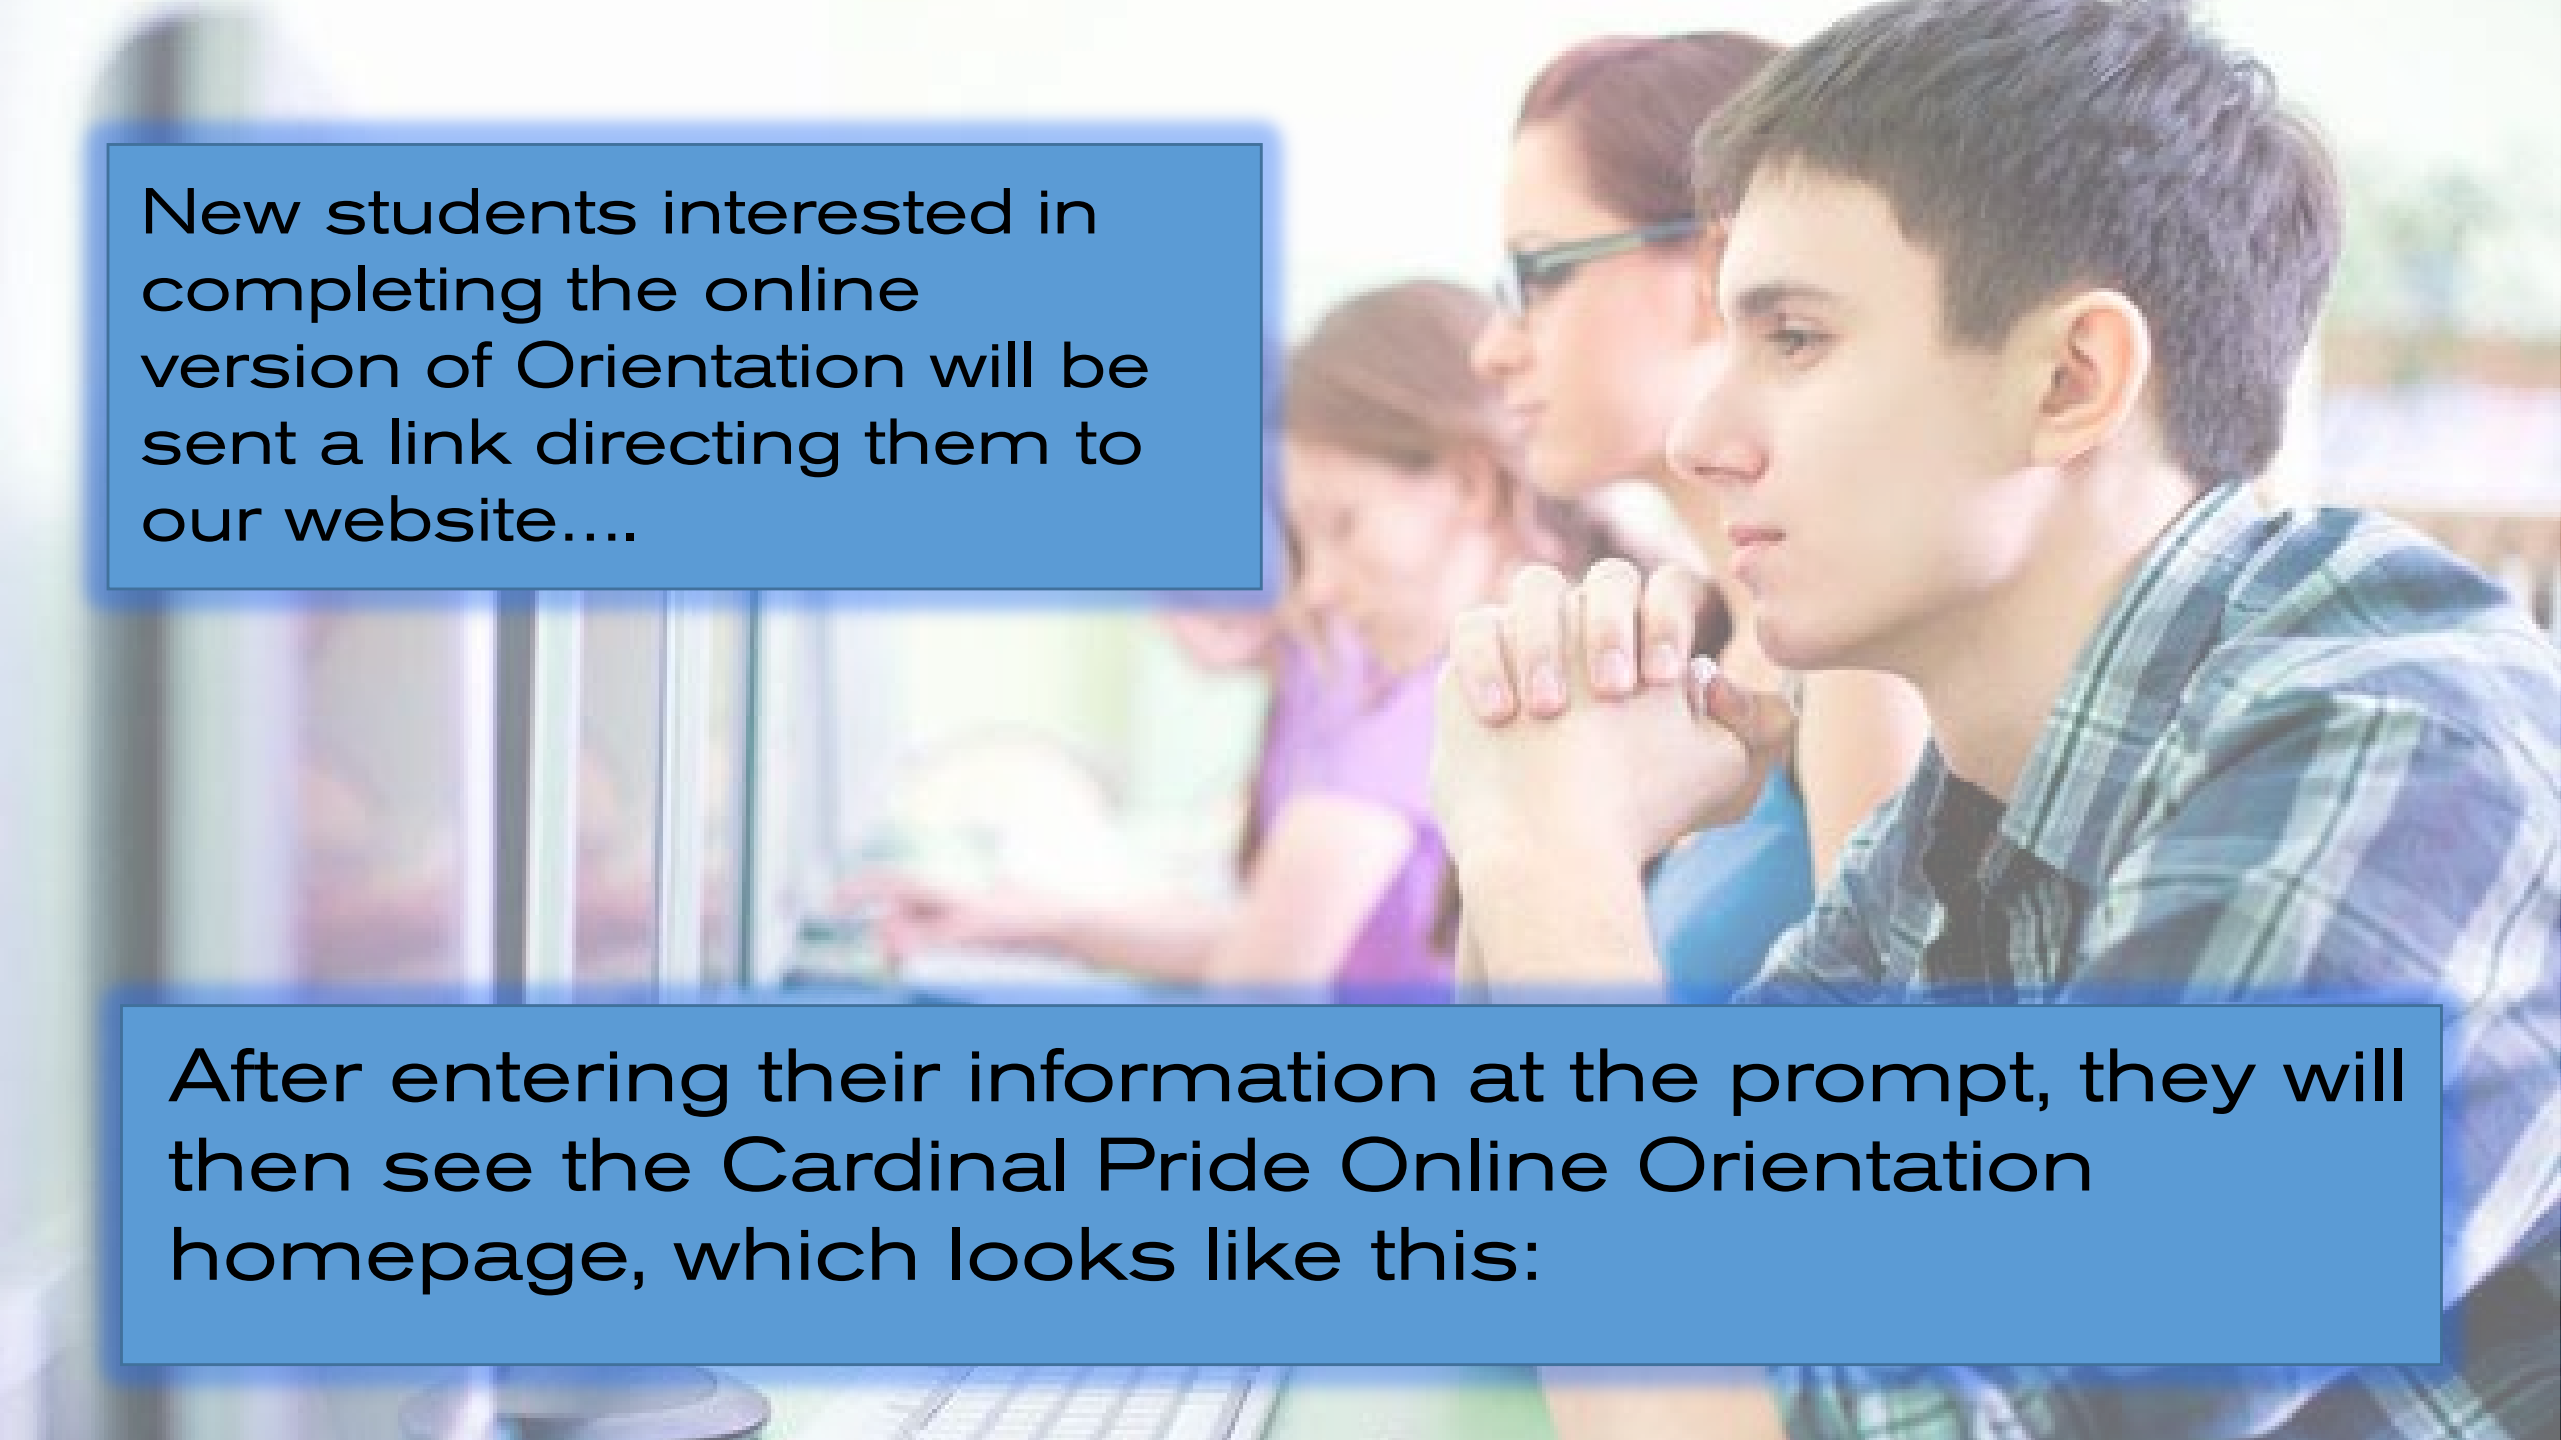

Or Online with our new TVCC
Cardinal Pride Online Orientation

The goal of Online Orientation is to get the same experience and information as the face-to-face sessions.

This is how we are making that goal a reality:

A blurred background image of students in a classroom. In the foreground, a young man with dark hair, wearing a blue and white plaid shirt, is looking intently at a screen. Behind him, a woman with glasses and a purple shirt is also looking in the same direction. The scene is brightly lit, suggesting a window in the background.

New students interested in completing the online version of Orientation will be sent a link directing them to our website....

After entering their information at the prompt, they will then see the Cardinal Pride Online Orientation homepage, which looks like this:
